Jefferson Academy,

G. J. LORD.

THIS Establishment, founded in 1838, has long held a high position in public opinion, as one of the leading institutions in the South of the United States.

The plan comprises a general and extensive system of education. Pupils are admitted at six or seven years of age, and continue till they are prepared for their future pursuits in life. They are distributed into classes, according to their capacities and acquirements.

The premises are, perhaps, the best to be found in the city, with ample space for exercise and recreation, and every convenience for an institution of learning.

The Professors are gentlemen of talent, chosen with care. Good order reigns in the establishment, and strict attention is paid to the moral conduct and improvement of the pupils.

MME. PARENT'S INSTITUTION,

Corner Royal and Hospital streets.

DAY AND BOARDING SCHOOL FOR YOUNG LADIES.

THIS establishment has been removed to corner Royal and Hospital streets. The building is vast, well ventilated and well distributed for class rooms, dormitories, &c. Madame Parent avails herself of this occasion to thank the numerous families who have so largely patronized her institution, and would assure them that their daughters will receive the same maternal care as heretofore. The long known reputation of her institution is the best guarantee to that effect. The course of study embraces the same system, in both English and French, as that employed in the first class institutions in the North and in Europe. Music, instrumental and vocal, including Solfege, is taught by the most eminent Professors, also Drawing and Painting; Dancing by Professor Vegas.

MADAME PARENT will remove her institution across the Lake during the summer months, but will keep the school open in the city throughout the year. Finally, there will be nothing wanting to complete a literary as well as refined education; also to excite in the hearts of young persons that pure morality which is the fundamental base of the institution, combining that easy elegance of manner so necessary for young persons. For further information address Madame Parent, Mandeville, until 15th OCTOBER, afterwards in the city at the Institution, where prospectuses can be obtained. oct4

DAY AND BOARDING SCHOOL FOR YOUNG LADIES,

UNDER THE DIRECTION OF

MADAM CHARPAUX,

At the corner of Bayou and Claiborne streets.

THIS SEMINARY, whose existence dates some six years back, has met with a success that proves, beyond all cavil, the capacity of those who have charge of it.

Determined to merit the confidence of parents, Mad. Charpaux will spare no pains to make her seminary equal to the best institutions of the kind in New Orleans, and in order to do this, she has employed the ablest teachers.

Madam Charpaux has purchased a large and airy edifice on one of the highest pieces of ground in the city, and the better to consult the health of her pupils she has had spacious and elevated apartments built on purpose for school and sleeping rooms, through which there will be a constant circulation of air from many windows.

Great attention will be paid to the improvement of scholars in the English language. For this purpose, American ladies of acknowledged capacity, as teachers, will constantly reside in the Seminary.

The English, French and Spanish languages, geography, arithmetic, and in short all the branches of a polite education, will be taught in the Seminary.

As religion should be the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will conduct to church and preliminary catechisms all her young ladies who may have their first communion to make.

Music having become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best musical school in Paris, and ex artist of the Orleans Theatre, will devote all his time to teaching music. All the Scholars, besides their regular lessons, will practice daily under the eyes of the professor. The study of the notes will precede the performances, when Mr. Charpaux will put the pupils through the execution of the regular keys and notes, and this will be attended with no extra charge.

In order to kindle emulation among the pupils, and improve their singing, on the morning of the last Saturday in every month there will be a musical examination and a distribution of rewards.

Madam Charpaux, in order to complete the education of her scholars, has opened a class where will be taught all the useful and ornamental branches of needle work.

During the summer the classes will open at 8 o'clock, and close at 3. To open at 4 and close at 6 o'clock, P. M. In winter, they will open at 8½, and close at 3. To open at 4½ and close at 6 o'clock, P. M.

TO PERSONS WEARING SPECTACLES

THIS is not a personal matter, but merely a friendly advice to my customers and all those who wish to preserve their sight unimpaired. The visual organs are of sufficient importance to require the greatest care in the selection of glasses when one is compelled to resort to spectacles. We must consequently guard against high-sounding advertisements published by charlatans, who care very little for the eyes of purchasers, and whose only object is to sell as many spectacles as they can at extravagant prices.

Purchasers must not suffer themselves to be deceived by a pair of spectacles which make things look larger beyond measure. Our sight is almost always injured, sooner or later, by our seeing too clearly. The glasses must be sufficiently strong, and others ought not to be taken unless the change cannot possibly be avoided.

I am of opinion that every one has a perfect right to dispose of his goods as he chooses, but I also deem it my duty to caution those whose confidence I have enjoyed for many years, against pompous articles about new discoveries, such as "Brazilian Pebbles," "Arkansas Pebbles," &c., &c. Those names are only given for the purpose of attracting public attention, and there is not a word of truth in what is said. There is but one kind of good spectacle glasses, whether made of ordinary or pebble glasses, it is those which are well finished, and pure, and suit the eyes without fatiguing them.

I am satisfied that physicians, and competent persons generally, concur in the above expressed opinions. C. DUHAMEL, Optician,

ANTI-GOUTY ELIXIR

OF

HIPPOLYTE BRIEUGNE,

INVENTOR OF THE ANTI-RHEUMATISMA

Tropical Balm.

TILL now all medical science has had no power over the gout, this terrible disease which has ever made so many victims all over the earth, and still tears daily so many thousands from their occupations to give them up to the most painful sufferings. It is useless to recall to our minds the symptoms of this disease too well known to its numerous sufferers. It suffices to name them to appreciate the value of such a remedy against their return. Such is the effect of the ANTI-GOUTY ELIXIR, which is the result of the laborious searches of M. HIPPOLYTE BRIEUGNE, already known by the discovery of the anti-rheumatismal TROPICAL BALM, that has had down to this day so great a success. The ANTI-GOUTY ELIXIR, particularly designed for curing the fits of the gout, possesses a power no less great, warranted by a long and personal experience of the inventor, and by repeated essays upon its numerous victims.

The ANTI-GOUTY ELIXIR is easy to take, and its taste is in no way disagreeable. It can be taken pure or mixed with two or three spoonful of tea or coffee. Its effects are felt after a few hours, whatever may be the intenseness of the fit. In twelve hours at most the sufferings disappear, and all its symptoms vanish away.

ANTEPHELIC MILK.

The only unquestionably efficacious article.

NO MORE WRINKLES! NO MORE FRECKLES! The skin and the complexion regenerated by HENRIQUEZ'S GENUINE ANTEPHELIC MILK. Notice—Another preparation bearing the same name as the above, was lately advertised in the New Orleans papers. Analysis has satisfied me that the substance it contains is entirely different from my Milk, excepting the color, which any one can imitate. I therefore inform the ladies and public in general that mine is the only true and genuine ANTEPHELIC MILK, for sale at my store and by every other preparation of the kind, that I am not responsible for. The genuine article is sold for sale at $1, at J. W. HENRIQUEZ, Corner of St Louis and Rampart sts. J. W. HART & CO. 21 & 151 Chartres st.
