THE LUXENBERG HOSPITAL,

(NOW DR. HAYES'S)

IS being duly fitted for all classes of diseases—medical and surgical and midwifery cases. Conducted on the plan of the Houses of Health in Paris, it will unite to the advantages of an hospital the attentions and comforts of a home, and avoid the impure air of crowded hospitals by receiving a limited number only. Its site—on Elysian Fields street—is the most healthy, as exposed to the river and lake air, it has all the advantages of a country retreat while it is at the same time of easy access to all parts of the city.

Terms of admission, $1 per day. A deposit of ten days required on entering. Extra accommodations to be had if required. Slaves will be accommodated and attended to. Surgical operations performed without extra charge—those for cataract alone excepted. oct11 1y

TO COTTON PLANTERS.

I TAKE pleasure in announcing that Messrs. MANDEVILLE & McILHENNY are my authorized agents in this city to make contracts for the use of

MY INVENTION

OF THE SEED COTTON ON PLANTATIONS AND ALL BUSINESS IN RELATION TO IT.

I will only say here that I make the same capital, the same location, the same steam power, the same expenses, very nearly the same quantity of cotton which I was able to spin it; and that, with the addition of machinery costing about one-half what the increased value of the yarns the first year will be, and which is attended by the surplus labor of the plantation, in little girls of 10 to 12, women, and old men that are incident to any estate. While many planters believe that these results are the same, I DOUBLE, OR MORE THAN DOUBLE THE PLANTER'S NET INCOME.

We spin the best yarns in the world. The danger from fire of the gin-house is [illegible] reduced, which, at this season of the year, is of importance; and what is of great importance is, that all this is fully demonstrated by the successful daily operation on the plantation of Col. Geo. S. Yerger, near Yazoo City.

Planters desiring more full particulars are referred to my agents, as above.

Applicants for agencies will please address them, inclosing testimonials. GEO. O. HENRY. mh7 3m

AYER'S AGUE CURE,

FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers; indeed for the whole class of diseases originating in biliary derangements, caused by the malaria of miasmatic countries.

NO one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service to the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in bilious districts where FEVER AND AGUE prevails, everybody should have it and use it freely both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is that it contains no quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions. They are an excellent alterative for the renovation of the blood and restoration of tone and strength to the system debilitated by disease.

Ayer's Cherry Pectoral,

For the rapid cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of the country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

AUCTION SALES.

Thirty-Four Likely Young Slaves, from Shepherd's Golden Grove Plantation, at auction, without reserve or limit.

BY J. B. WALTON, Auctioneer. Office, No. 40 Camp street.

WEDNESDAY, 25th April, 1860, at 12 o'clock, M., at the St. Louis Exchange, St. Louis street, will be sold, without reserve or limit—

THIRTY-FOUR LIKELY YOUNG SLAVES from the Golden Grove Sugar Plantation of Shepherd & Hook.

These slaves are sold for no other reason than that they left the plantation and came to the city to establish their freedom, which they had been made to believe had been given them at the death of their former master. They are, with but two or three exceptions, as good subjects and valuable slaves as are to be found on any plantation and thus offer an opportunity rarely to be met with for planters to purchase young and likely slaves accustomed to the culture of the sugar cane.

They will be fully guaranteed, with the exception of the circumstance above named.

Terms—One-third cash; one-third at six and one-third at twelve months' credit, in city acceptances, bearing interest at the rate of six per cent. per annum from day of sale. The acceptances to be furnished by the purchasers are to be to the entire satisfaction of the vendor.

BOARDING AND DAY SCHOOL

FOR YOUNG LADIES,

Under the Supervision of Madame Fp. LOCQUET,

No. 302 Camp Street,

BETWEEN JULIA AND ST. JOSEPH STREETS

THIS establishment, founded by Dr. and Mrs. Mercier, Casey's, whose high reputation has never been questioned, will commence its sixteenth session on the first of October.

Mrs. FR. LOCQUET, assisted by her sister, Miss FRANCOIS LOCQUET, with whom she has associated herself, will use her best endeavors to merit the continuance of the confidence reposed, for so many years, in her predecessors.

Professors of the highest talent are employed in all the branches, both useful and ornamental. Piano, Music, and the Guitar taught by the Messrs. Locquet, whose reputation as professors of music has been so well appreciated by the lovers of that art.

The French language, the native tongue of these ladies, and the acquirement of which is now particularly a good education, is taught with care, and is spoken in the Institution. Young ladies will therefore have the daily ordinary intercourse with these foreign languages, besides the facilities for perfecting themselves in this language.

This establishment is commodious and well ventilated, and has recently been entirely renovated, with the utmost regard to the health and comfort of the pupils.

Many LOCQUET respectfully invite parents and families to call and visit the College, where every information will be given.

Letters of inquiry will be promptly attended to by the Principal. sep10 6m

THIS establishment, founded in 1852, has long held a high position in public opinion as one of the leading institutions in the South of the United States.

The plan comprises a generous and extensive system of education. Pupils are admitted at six or seven years of age, and receive all the instruction necessary for complete education. They are distributed into classes, according to their respective attainments.

The premises are, perhaps, the best to be found in the city, with ample space for exercise and recreation, and every facility for an institution of learning.

Madame Parent's Institution,

Corner Royal and Hospital Sts.

DAY AND BOARDING SCHOOL FOR YOUNG LADIES.

THIS establishment has been removed to corner Royal and Hospital streets. The building is vast, well ventilated and well distributed for class rooms, dormitories, &c. Madame Parent avails herself of this occasion to thank the numerous families who have so largely patronized her institution, and would assure them that their daughters will receive the same maternal care as heretofore. The long known reputation of her institution is the best guarantee to that effect. The course of study embraces the same system, in both English and French, as that employed in the first-class institutions in the North and in Europe. Music, instrumental and vocal, including Solfège, is taught by the most eminent Professors, also Drawing and Painting; Dancing by Professor Vezas.

MADAME PARENT will remove her institution across the Lake during the summer months, but will keep the school open in the city throughout the year. Finally, there will be nothing wanting to complete a literary as well as refined education; also to excite in the hearts of young persons that pure morality which is the fundamental base of the institution, combining that easy elegance of manner so necessary for young persons. For further information address Madame Parent, at the institution, where prospectuses can be obtained. oc18

AYA PANA BITTERS.

Manufactured by J. Chauvet.

THESE BITTERS, which are confessedly superior to any hitherto prepared, constitute an admirable beverage when taken moderately, before or after meals. It purifies the alimentary canal, and facilitates digestion.

These BITTERS are composed exclusively of the extracts of aromatic plants, and possesses the most incontestable medical qualities. Their tonic and stimulating properties render them particularly useful in cases of debility of the stomach, which, especially with women, and in warm climates, produce debilities, uneasy sensations, and a general and frequent feeling of indisposition. They are likewise a Febrifuge, and are proved by experience to neutralize the effect of miasma on the system.

We might publish a host of certificates to substantiate our assertions, but this method is so commonly employed by charlatans that we deem it more advisable to refer to the numerous persons who daily make use of the AYA PANA BITTERS.
