AYER'S

CHERRY PECTORAL,

FOR THE RAPID CURE OF

Coughs, Colds, Hoarseness, Bronchitis, Whooping-Cough, Croup, Asthma and Consumption.

THIS remedy is offered to the public with the confidence that it will do for others what it has done for many of our own citizens who have suffered from these complaints. It is the result of the best efforts of the most learned chemist we have, aided by the experience of a physician who has had more opportunity than any other man in the country for the prosecution of his profession, and who has had the happiness to say that he has never failed to cure, when the patient was not too far reduced, where a fair trial was given. Almost every family in this country has been at some time in the past year or two so severely scourged with these fearful diseases, that a remedy so reliable as this should be known to be within their reach. Hence we think it our duty to place it within the reach of all who are afflicted with the diseases it cures, and we do so with the full confidence that it will do for them what it has done for others, and we leave the facts to speak for themselves.

Testimony from Boston.

BOSTON, Mass., Aug. 29th, 1855.

Dr. J. C. AYER: Sir, I feel it my duty to inform you of the benefit I have derived from your Cherry Pectoral. I had been troubled for many years with a bronchial affection, which would yield to no other treatment than that of your Cherry Pectoral. I have found it to be all you recommend it to be, and I cheerfully recommend it to the public as an excellent medicine. Respectfully yours, H. GREENLEAF.

PILES! PILES!! PILES!!!

WE will attempt to relieve all who are afflicted with this most distressing complaint, by the application of a certain remedy in the form of a rose-tree table cloth, the latter in use by the proprietor of the "Cottage Hotel," Gulf City, and strongly unmasker in Philadelphia.

Testimony from Philadelphia.

PHILADELPHIA, Nov. 29th, 1855.

This is to certify that I have suffered for nearly twenty years with the Piles, and have tried almost every remedy that I have heard of, but all to no effect, until I tried Dr. Bond's Pile Ointment, which has cured me in a few days. I feel bound to say that I have not had the slightest return of the Piles since. I have recommended it to many others, and have never heard of a single instance in which it did not cure. I do not hesitate to recommend them to all who are afflicted with the Piles.

Dear Sir: I feel bound to express my gratitude to you for the benefit I have received from your Pile Ointment. I have suffered from the worst of Piles for the last twelve years, and have tried every remedy I could hear of, but all to no effect. I have found them to be all you recommend them to be, and I can conscientiously say that they are unsurpassed for any other preparation now in use. Very respectfully, H. GREENBERGER.
