It is now new and untried article, but one that has stood the test of a ten years' trial before the American people, and each repeated sale has shown it to be by any similar preparation extant. The testimony it is to offer, is given by the most prominent and well known Physicians and Clergymen in all parts of the country, as immune, and a careful perusal of the Almanac, published by the proprietor, and sold to be had gratuitously of the agents, and testimonials the most skeptical will find a remedy as recommended by the Judge Gaston, Philadelphia.
