GRINDLE'S

JAPANESE LIFE PILLS.

NATURE'S OWN REMEDY.

A Positive Cure for Liver Complaint and Bilious Disorders, Dyspepsia, Rheumatism, Scrofula, Cutaneous Diseases, Fever and Ague, Costiveness, Dysentery and Diarrhea, Worms, Suppression of the Menses, Nervous Debility, &c.

For a long time we have been compelled to witness with painful emotion the many adulterated and life-destroying drugs made into pills and liquid medicines, and patients using them without knowing their injurious effects upon their system. This monstrous evil may now be entirely escaped by using only these ANCIENT JAPANESE LIFE PILLS of Mandel Okamoto. For many years we have studied hard to find a cathartic which, while it purged, would *cleanse and disease*, and not *more severe disease* would remedy and *strengthen*, and not *deplete and weaken* the system.

We now unhesitatingly say that this so-much-sought-for remedy—a cathartic of mild and pleasant operation, actually throwing out disease and not mere aversions, thoroughly purifying the blood, and *beneficially strengthening* the system—has been found. They will not only relieve, but *positively cure* every disease for which they are recommended. These Pills have stood the test of the ingenious Japanese Faculty for centuries, and the same kind of ingredients that composed the pills at that ancient time are combined in the present day.

No medicine was ever put before the public with such unbounded success in so short a time, and the thousands of orders pouring in for them from all parts of the country are wonderful and astonishing. The number of these PILLS being used by females alone for their various complaints constitutes in itself an immense trade. They are not a "female pill" as much puffed into public notice, which, instead of curing, produces cruel and dangerous complaints, but are for men, women, old or young, and cure by acting directly on disease.

The PILLS are sent by mail, from the proprietor only, on receipt of the price. The postage in the United States, not over 3,000 miles, is fifteen cents on five boxes, which must be inclosed in money or stamps. We are responsible for all moneys sent us by mail.

For sale by respectable druggists and dealers in medicine throughout the United States, the Canadas, Mexico, South America, &c., at 25 cents a box, or five boxes for $1.

DAY AND BOARDING SCHOOL

FOR YOUNG LADIES,

UNDER THE DIRECTION OF

MADAME PARENT,

At the corner of Bayou and Chaffourne streets.

THIS SEMINARY, whose existence dates some six years back, has met with a success that proves, beyond all cavil, the capacity of those who have charge of it.

Determined to merit the confidence of parents, Mad. Charpanx will spare no pains to make her seminary equal to the most celebrated of the schools of Paris, and in order to do this, she has employed the ablest teachers.

Madam Charpanx has purchased a large and airy edifice on one of the highest places of ground in the city and the better to consult the health of her pupils, has had ventilators and elevated apartments built on purpose. Her edifice is surrounded by a garden, which there will be a constant circulation of air from many windows.

Madam Charpanx, in order to add to the improvement of scholars in the English language, for the purpose, American ladies of acknowledged capacity, as teachers, will constantly reside in the Seminary.

The English, French and Spanish languages, geography, arithmetic, and in short all the branches of a polite education, will be taught in the Seminary.

As religion should be the foundation of all sound education, it will be carefully attended to by Madam Charpanx, who will conduct to church and preliminary catechisms all her young ladies who may have their first communion to make.

Music having become a most desirable branch of the education of young ladies, Mr. Charpanx, from the best musical school in Paris, and ex-artist of the Opera Comique, will devote all his attention to teaching music. All the Scholars, besides their regular lessons, will practice daily under the eyes of the professor. The study of the piano will precede to the performances, when Mr. Charpanx will put the pupils through the execution of the regular keys and notes, and the study of the piano will be continued.

In order to kindle emulation among the pupils, and improve their singing, on the morning of the last Saturday in every month there will be a musical examination and a distribution of rewards.

Madam Charpanx, in order to complete the education of scholars, has opened a class where will be taught all the useful and ornamental branches of needle-work.

During the summer the classes will open at 8 o'clock and close at 12. Re-open at 4 and close at 6 o'clock, P. M. In winter, they will open at 8½, and close at 3. Re-open at 4½ and close at 5 o'clock, P. M.

DAY AND BOARDING SCHOOL.

UNDER THE DIRECTION OF

MADAME PARENT,

Corner of Rampart and Du Maine streets.

THIS establishment occupies one of the best locations in the city with respect to health and many other important advantages. The building is magnificent, the apartments are vast and well ventilated, and are particularly well adapted for classes.

There are four fine dormitories with dressing cabinets; also spacious galleries all through the house; a splendid and commodious dining-room; a most beautiful view of the city as far as the Lake.

The best advantages are offered to parents, as to the moral and intellectual cultivation of the minds of their daughters.

Madame Parent is always present with her pupils, she teaches during the hours of class, and superintends the different divisions. There is an ample number of the best professors employed, besides ladies resident in the establishment.

Every branch of a solid and refined education is taught in both languages; all accomplishments, such as Drawing, Painting, Dancing, and Embroidery, &c.

The Advanced department is conducted by the most competent and acknowledged talents in the city.

It would be Superfluous to say anything respecting the special advantages to be held to the Parents, in being Madame Parent's native language. The best guarantee that she can give to the public is that the young ladies who have been educated by her speak it as fluently as their mother tongue.

Mr. Carlo, the celebrated musician, will superintend the musical department.

REMOVAL.

CHARLES LEVY,

SURGEON PEDICURIST,

HAS REMOVED

From No. 108 Royal street to No. 152 Bourbon street, between Dauphine and Burgundy streets.

EDUCATES CORNS and BUNIONS, and NAILS will have entered the flesh, without the least pain, in five minutes, after which the patient may wear his shoes, or walk, or dance, for the ball, by subscription. According to the terms of subscription, the feet are examined monthly, from 1 to 5 P. M., at the residence of Mr. Levy. He will call on ladies. I was informed that there are in New Orleans Pedicurists who pretend to cure Corns; I have been residing in the city for the last two years, and have never met with one who could cure them, except the Corns of persons walking barefooted. I have now upwards of 300 subscribers. My operations have given general satisfaction, and I hope still to enjoy public confidence.
