L. MILLER'S HAIR INVIGORATOR,

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing the Hair from turning gray.

FOR PREVENTING BALDNESS, and stimulating the hair into the best particle of vitality or comparative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous eflections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequaled gloss and brilliancy, making it soft and silky to the touch and causing it to curl readily.

The great celebrity and the increasing demand for this elegant preparation convince the proprietor that one trial is only necessary to satisfy a discriminating public of its great qualities over any other preparation at present in use. It cleanses the head and lathes it thoroughly, allays cutaneous diseases, makes the hair to grow luxuriantly, and prevent a rich, soft, glossy and flexible appearance, and also renders the hair so luxuriant and thriving, it will give strength and vigor to the roots, and cause the growth to these parts which have become weak, or even bald, from the decay of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this invigorator, as can all who may demand it. Mrs. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from falling out until the latest period of life; and in cases where the hair has already changed its color, the use of this invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great medicine it affords in dressing the hair, which, when mixed with the invigorator, can be depended to any required form so as to preserve its place, whether plain or in curls, gives the great element of fact by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had of all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, as it will save the children's Hair the illness to be took. The use of it keeps the Hair from falling for a great length of time, as it removes any impurities that may have accumulated on the Hair, causing the removal of which is necessary both for the health of the Hair and Skin, and consequently is its best.

CAUTION.—None genuine without the fac simile, LOUIS MILLER, being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N.Y., blown in the glass.

Wholesale Depot, 89 Dey street, and sold by all the principal Merchants and Druggists throughout the world.

Liberal discount to purchasers by the quantity.

I also desire to present to the American public my

New and Improved Instantaneous LIQUID HAIR DYE,

which, after years of scientific experimenting, I have brought to perfection. It dyes Black or Brown instantly, without injury to the Hair or Skin. Warranted the best article of the kind in the world.

PRICE, ONLY 50 CENTS.

Depot, 56 Dey street, New York.

1917 Eteenthelmwly

Dr. Mott's CHALYBEATE RESTORATIVE PILLS OF IRON.

A specific and Scientific preparation of IRON prepared of Oxygen and Carbon by combustion in Hydrogen. Discovered by the highest medical authorities, both in Europe and the United States, to be the most valuable tonic.

The experience of thousands daily proves that no form of iron can be compared with it. Impotence, Sterility, Nervous Debility, Weakness, pale and otherwise sickly complexions indicate its necessity in almost every case of female disease. Immediate in all cases in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Menstruation, Dyspepsia, Constipation, Diarrhea, Dysentery, Retained Confinement, Scrofulous Tuberculosis, Salt Rheum, Leucorrhea, Female Weakness, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Fevers and Ague, &c.

In cases of GENERAL DEBILITY, whether the result of ill health or of the continued diminution of strength from any cause, the proprietor offers with the use trial of this restorative his proven successful to an extent which has never before been offered, unless it would render credible. Invalids so long bed ridden as to be almost despaired, in their own neighborhoods, have suddenly risen from their beds of sickness to health and vigor, to protracted travel in a distant land. Some very distinguished members of this city have attributed to female and female, unrelated victims of apparent consumption, convulsions, epileptic, critical changes, and that complaint of nervous and dyspeptic aversion to air and exercise, for which the physician can do no cure.

In NERVOUS AFFECTIONS of all kinds, and the means familiar to medical men, the operation of this preparation of iron cannot be overrated by adding, for, as it be the old oxides, it is vigorously tonic, without being exciting and consequently not injurious, regularly aperient, yet in the most obstinate cases of costiveness, without ever being spasmodic purgative, or inflicting a disagreeable sensation.

It is into better power than any others, which makes it so remarkably efficient and powerful, yet it is known to cause, upon which it also appears to exert a distinct and peculiar influence, in the production of healthy and even tissue.

In DYSPEPSIA, innumerable as are its causes, a single best of these Chalybeate Pills has often effected for the sufferer a cure, which no other medicine, including the standard Cordials.

In CONFIRMED DIARRHŒA, even when advanced to DYSENTERY, confirmed, consulting, and apparently hopeless, the effects have been equally decisive and unmistakable.

In the facial pallor, loss of flesh and strength, debilitating cough, night sweats, chills, hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians in several very gratifying and interesting instances.

In SCROFULOUS DISEASES, in a recent treatment iron has had for more than the good effect of the usual commonly advanced preparations of iodine without any of their well known evils.

The attention of females cannot be too confidently invited to this remedy and its effects in their case are truly astonishing there.

In RHEUMATISM, both chronic and inflammatory in the latter, however, more decidedly—it has been in multiply well reported, that its alterative pain and relaxing the cravings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its proper use has saved thousands of half fatal fevers, which will probably be one of high remorse and sickness.

Its remedy has ever been introduced in the whole history of medicine which exerts such prompt, happy and fully restorative effects on the loss of appetite, complexion, rapid acquisition of strength, with an unusual tendency for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing fifty pills, price $1 per box; for sale by druggists everywhere, will be sent free to any address on receipt of the price. All letters must be addressed to the proprietor.
