L. MILLER'S

HAIR INVIGORATOR,

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND, FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing the Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR imparting to it an unequaled glossy and healthy appearance, making it soft and silky in the texture and causing it to curl readily.

The great celebrity and the immense demand for this unequaled preparation convinces the proprietor that one trial is only necessary to satisfy a discriminating public of its superior qualities over any preparation at present in use. It obtains the hard and tasty from dandruff and other diseases of the scalp, gives the hair vigor, luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is inclining to thinness, it gives strength to the roots, adds to the roots, and restores the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. It has in its composition no metallic ingredients, but is free to the above facts, from persons of the highest respectability. It will effectually prevent the hair from falling off, from the latest period of life; and in cases where the hair has already changed its color, the use of this Invigorator will will particularly recommend itself, by giving it a dark, glossy appearance. As a perfumery for the toilet and a fashionable dressing, it is universally commended, having an agreeable fragrance; and the great benefits it affords in preserving the hair, and when mixed with the Invigorator, can be dressed in any required form so as to preserve its place, whether plain or in curls; hence the great demand for it. It is sold at a standard bottle or half which those could try without, as the price is so low, and if satisfied the trouble of call, and

ONLY TWENTY-FIVE CENTS

per bottle, to be had of all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, for those whose the children's Hair bestine to be weak. The use of it keeps the foundation for a good head of hair, as it makes every impurities that may have become engendered with the scalp. The material of which is necessary both for the health of the scalp and the nourishment of the hair.

AYER'S SARSAPARILLA

A COMPOUND REMEDY, designed to be the most effectual alterative that can be made from the extensively introduced of Pure Sarsaparilla, so combined with other medicines of still more decided alterative powers as to afford an effective antidote for the diseases for which sarsaparilla is applied to cure. It is believed that such a remedy has been long needed by those who suffer from complaints, and that one which will accomplish their cure must prove of immeasurable benefit to the health of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the catalogue of complaints.

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Tetter, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Ringworm and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgia or The Disease, Debility, Dyspepsia and Indigestion, Sleeplessness, Pain in the Back and Side, Kidney Complaints, and a host of complaints arising from impurity of the blood.

This compound is not a beverage, but a concentrate of health, which takes in the spring, in equal doses for more which fester in the blood at that season of the year. By its timely use, a great deal of sickness and disorders are stopped in the bud. Multitudes can, by the aid of this preparation, avoid the pain, the distress, the foul eruptions and sicknesses sores, through which they have to will force to rid themselves of corruption, if not of disease, but they can, by its timely use, purify the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities breaking through the skin in pimples, eruptions or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and feel lighter, for cleansing the blood. Keep the blood healthy, and all is well; but with this pollution of the blood, there can be no healthy health. Sooner or later some disease must be wrong, and the great machinery of life is disorganized and overworn.

Sarsaparilla has, and deserves much, the reputation of accomplishing the cures for which it is so widely and universally lauded by preparations of it, partly because the preparations have not all the virtues that it is claimed for it, but more because many preparations, purported to be compounded entirely of it, contain but trifling of the virtues of Sarsaparilla, or any other.

During late years the public have been misled by numerous preparations of Sarsaparilla, compounded of but little or no value. Most of these have been from those who make it, for they not only contain little, if any, Sarsaparilla, but often no medicine whatever, or worthless, bitter and pitiful disappointment has followed the use of the various compounds of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound the sarsaparilla, because it contains such a remedy as shall receive the claim to be the best alterative of which it is capable, and we think we have ground for believing it has virtues which have hitherto been ascribed to no other compound, and is entitled to claim. In order to secure their complete production from the system, the remedy should be performed without some thing to direct on the bowels.

The most skillful opticians have made a report decided that the Pebbles are unquestionably the best for the preservation and improvement of the sight.

Their superiority over all others consists in the fixed being equally divided over the whole surface, instead of being in the center only, as is the case with common lenses, and being composed of the two opthalmic glasses, which, when used, shows the advantage of these new pebbles will be exhibited and explained, on application to Professor Juraski, to all those who may be desirous of having perfect vision on the subject. Connoisseur Merchants are informed that he is prepared to receive all their orders on Mirrors, in the world has been originally finished by preparations of it, partly because the finishing has not all the virtues that it claimed for it, but more because many preparations, purported to be compounded entirely of it, contain but trifling of the virtues of Sarsaparilla, or any other.

During late years the public have been misled by numerous preparations of Sarsaparilla, compounded of but little or no value. Most of these have been from those who make it, for they not only contain little, if any, Sarsaparilla, but often no medicine whatever, or worthless, bitter and pitiful disappointment has followed the use of the various compounds of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound the sarsaparilla, because it contains such a remedy as shall receive the claim to be the best alterative of which it is capable, and we think we have ground for believing it has virtues which have hitherto been ascribed to no other compound, and is entitled to claim. In order to secure their complete production from the system, the remedy should be performed without some thing to direct on the bowels.

PREPARED BY

DR. J. C. AYER & CO.,

LOWELL, MASS.

Price $1 per bottle; Six Bottles for $5.

AYER'S CHERRY PECTORAL

Has won for itself such a remedy for the cure of every variety of Throat and Lung Complaints that it is entirely unnecessary for us to recount the evidence of its virtues wherever it has been employed. As it has long been in constant use throughout our country, we need not assure those among the people in quality to keep up to the full standard of its excellence. It is hoped to be as the best relief of all those over whom it has been found to do.

AYER'S CATHARTIC PILLS,

FOR THE SWIFT CURE OF

Constipation, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Biliousness, Bilious Fever, Bilious Pleurisy, Inflammatory Rheumatism, Bilious Colic, Dropsy, Costiveness, Piles, Tetter, Tumors and Skin Diseases, Worms, Gravel, Gout, Neuralgia, or a Disease Pill, and for Purifying the Blood.

These are compounded, so that the most sensitive can take them agreeably, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 Cents per Box; Five Boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen, and other distinguished men have published the wonderful adaptation of these compounds, but our space here will not permit the insertion of them. The Agents below are prepared to furnish gratis our Almanac, in which they are given; with also full descriptions of these medicines, and the treatment they should be followed for their cure.

Do not be put off by unprincipled dealers with which to impose upon you a worthless profit on Thomas Ayer's, and make no other. The sick want the best aid they can get, and they should have it.

All above preparations for sale by

AYER & CO. Druggists everywhere.
