LATE FROM EUROPE.

By the arrival (below) yesterday of the packet ships York, capt Bursley, from Liverpool, whence she sailed on the 24th Feb. and Brighton, capt Huttleston, from London-sailed from Portsmouth Feb. - we have received London papers to 23d, Liverpool to 24th, and Glasgow to 21st Feb. From the complexion of the Irish accounts, it seems that more attention is now paid to Parliamentary proceedings than to any illegal measures for redress-that more confidence is entertained in the Grey Cabinet than in resistance.

O'Connell had taken his seat in Parliament. It is denied that there was any understanding between him and the Lord Lieut, or the Gov-*rnment, which induced him to plead guilty. In the house on the 20th Feb. he said "much misrepresentation was abroad respecting his present position, but he would without loss of time, give those explanations which would show the exact position in which he stood."

City, Half past one o'clock-The debates in Parliament are looked upon as warlike: but the chief cause of alarm among our money jobbers is the state of Paris, the republican spirit, and the crisis being so great as to bring the chambers to business on Sunday. There are also rumours that the National Guards would go in a body, to request that the Duke of Nemours should be declared King of Belgium. Consols opened at 79 1-2 1-4; immediately fell to 78 3-4, fluctua ted to 79, and are now 783%, with a feverish ap-

e ministry. Soult and Lafitte are to form part of a new one, and Lafayette is expected to take a part in the new Government. The war party is gaining strength, but great efforts are made to convince the public of the advantages of peace. A large portion of the National Guard have pertuoned the chamber to prefer an act of accusation against MM. Montalivet, Barthe, and Baude.

At last the Emperor of Russia has taken the field. Accounts have been received from Berlin, of 10th Feb. intimating the entry of the Russians into Poland, on the 2d and 3d inst. in three places-namely, Merecy, Alexotin, and Preen. On the 5th a division of Russians was at Sgakie, but no attempt at resistance had been made. The Warsaw papers of the 5th mention that the Cossacks had passed the frontier, at a point much nearer Warsaw, in the neighborhood of Beyess-Sitewski, on the Bug, in Lithu-

The crisis is at hand—we can now say so. But for the National Guard the Republic would have been proclaimed, yesterday in Paris; and what a republic, Great God!-such a one as would have commenced in the devastation of the churches, the tearing down of the cross and violence against the Clergy.
