THE BEE.

THURSDAY MORNING, MARCH P. 1-3-

J. P. PAWSON. METOH. Qel. PETRE. FELIX DE ARMAR.

We The northern med, which came in night before he brings us New York pagers of the 18th, Bultimers and Washington of the Mark and Distriction of the 26th Pro-an arrival at Chiefetton we have the same date, as the received directly the Woodburg, from Have. This are, however, sould little terms, which are not absolute

Latest from Januaica. We acknowledge the kindness of a commercial flows in the lives of the Januaica Court and Kingston Christian in the lives of the Januaica Court and Kingston Christian in the different purishes are accomparation by settled; the marging has been speaded. The rebet hemmed in almost a side are speaded. The rebet hemmed in almost a side are speaded. The rebet hemmed in almost a side are speaded. The rebet hemmed in almost a side are speaded for want of food and surrender themselves to side amortises; prisoners were also daily brought in, tried and abscuted. The papers seem with lengthy accounts of seelas and executions. Public ancitement has been carried to each a piech, in different settions of the island, that large mote had analysisted in several parishes and demolished the houses of speading of the Baptist congregations. The Earl of Beimmer has found in proclamation enjoining on the keepers of the prisons to take meas cross in order to bring to plant himself the authors of the unlawful outrage. The clive of the Courant, reof the unlawful outrage. The eliter of the Courant, re-

A small schooner, called the Yunare, of Folly Land-A small schooner, called the Yunger, of Folly Landing, capt. Sammers, was fatten in with up the 24th Dec. in lar, 39 20, long, 52 19, by cept. Gliddin, of the ship Techniseh, bound from New O. learns to Having her radder carried away, and sails blown to piccis. Fire personsien board, methoding the capt. Were In the most miscrable condition, having but a small quantity of thour and spoiled lard left to subshit upon. The captain was unacquainted with navigation, and, moreover, had nothing to be guided by. When fallen in with, 45 days had clapsed since they left the cent Virginia to catch oyaters, when abortly after, in a gale of wind, they carried sway the radder, and were blown but to see. These poor people, when they got.

A machine for cutting r secring wond into this blown but to ses. These poor people, when they got on board, could hardly seand, but are now perfectly re-

LATE FROM JAMAICA.—By the brig Monifile, at New York, we have accounts to the 27th Jan. There will existed a great excitement at thin place; and

arrived at Beston from Cadra which place she left on the 12th of Jan. informs Mesers. Topiff that much excitement prevailed there in regard to the Cholera Morbus, and that the sanithry measures had been adopted to prevent its introduction. A 1 vessels coming from a northern sure in Europe, were subsect to a strict of the method of the first of the following of the first of the fi from a northern part in Europe, were subject to a strict grarantine, and those from any other part, where the Cholem atready existed, were not permitted to anchor, but ordered immediately to Port Mahon.

A report had obtained credit at Casie, that the cholera had made its appearance on board one of our government vessels at Mahon; in course conce of which,

The same of the sa

in Mustels and Larvies. Long. and after a masser that the first and thirty are minutes, obtained the both sides, annihilated them of the plains of the plain

received directly stip the Woodburg, from Havre. There are, however, such little learn, which are not shouldery uninteresting and which we ofter to the persons of conversations.

Contemplated Int. The story condition of the jail in this city, together both in tenthalises.) has from that by time attracted the manifester of the proper sutwitties. But nothing definite heat, littlesses, heat, resolved upon. We set to with great estimates of the proper sutwitties. But nothing definite heat, littlesses, heat, resolved upon. We set to with great estimates on the city, as a proper site for the rest of the city, as a proper site for the rest of a new fall, we real and adopted during last injet's sitting of the city councils. The stoption of the rection of a new fall, we real and adopted during last night's sitting of the city councils. The stoption of the rection of a new fall, we real and adopted during last night's sitting of the city councils. The stoption of the rection of a new fall, we real and adopted during last night's sitting of the city councils. The stoption of the rection of a new fall of the councils of the fall of the fall

The lock and embanismes or the property of the parties works as the principal injuries done to the parties works as for as we have beard. Agreemts of private losses are comian in every hour.

A machine for cutting y specing wend into this shoots, and of overy length, has lately been invested in Russia. It presesses this peculiarity, that instead of cutting the wood from the flat and thick surface, it There will existed a great excitament at thin place; and although the leaders in the late insurrection had principally been taken, and great numbers ex cuted, the jubic mind was not calmed; anorchensions for the hafety of lives at d property still existed. Many hundreds of the rebels had been executed, and prisoners were every day coming in from different parts of the Island. The destruction of property was homense—the entire stock of one hundred and pily plantations having been laid waste by fire, valued at fifteen mithous of dollars. About two thousand-blacks have been killed during the disturbances, and it is said that more than five hundred had fied to the monotains, and were still in a sate of rebellion. At one period of the insurrection, thirty thousand negroes were armed, and in condition for esistance. The latest paper is filled with accounts of the negroes surrendering themselves to the authorities and to their mosters, and from all appearances the insurrectionary spirit was nearly subdued. disturbances, and it is said that more than five hundred had first on the mountains, and were still in a state of rebellion. At one period of the insurrection, thirty thousand negroes were armed, and in condition for sistance. The latest paper is filled with accounts of the memorial of the memory spirit was nearly subdied.
