By Saturday's mail we received New-York papers of the 14th Baltimore of the 15th and Charleston of the 20th. There had been an arrival at Boston; the Prudent, from Liverpool, whence she sailed on the 5th. She brought no intelligence, verbal or written. We learn from the Charleston Courier that the new steam packet William Seabrook, came into Char-Tenton harbour in the short run of 72 hours from New-York. New-York papers of the 15th have been received at Charleston, anticipating our mail by one day; but they contained no matter of interest.
