owing the close of a long brilliant day. The sub with the purple mountains of Alhambra, sent lie sauk behind the purple mountains of Alhambra, sent a stream of effulgence up the valley of Durro that apread a melancholy pomp over the ruddy towers of the Alhambra, while the Vega, covered with a slight sulry vapour that caught the setting ray seemed spread out in the distance like a golden sea. Not a breath of air disturbed the stillness of the hour, and though the faith sound of music and merriment now and t. on brone from the card, no of the Durra, it but rendered more impressive the monumental sidesce of the pile which overpressive the monumental silence of the pile which over-shadowed me. It was one of those hours and scenes in which memory asserted almost magic power, and like the evening sae beaming on these mouldering towers, sends back her retrospective says to light up the plories of the past.

As I sat watching the effect of the declining daylight upon the Moorish pile, I was led into a consideration of the light, elegant and voluptuous characters prevalent in is sternal architecture; and to contrast it with the grand but gloomy selemnity of the Gothic edificer, reared by the Spanish conquerors. The very architecture fills bespeaks the opposite and irreconcilable natures of the course of musing upon the singular features of the Arabian or Morisco Spaniards, whose whole existence is as ta'e that is told, and certainly forms one of the most anomalous yet splendid episodes in history. Potent and durable as was the dominion, we have no one distinct title by which to designate them. They were a

Christian artisans, to instruct themselves in the daeful arts. The universition of Toledo, Cordova, Seville, and Granada, were sought by the pale student from other lands, to acquaint himself with the aciences of the collection of the transmitted force of antiquity; the lowers of the lands, the transmitted force of antiquity; the lowers of the lands of the transmitted force of antiquity; the lowers of the lands of the transmitted force of antiquity; the lowers of the lands of the transmitted force of antiquity; the lowers of the lands of the transmitted force of antiquity; the lowers of the lands o

still they maintained possession of the land. A period had elapsed longer than that which has passed since England was subjugated by the Norman conquerors; and the descendants of Musa and Barik might as little auticipate being driven into exile, across the same strait traversed by their triumplant angestors, as the descendants of Rollo and William and their victorious peers may dream of being driven back to the shores of Nor-

mandy, With all this however, the Mostern empire in Spain. was but a brilliant exile that took no permanent root in the soil it embellished. Secured from all their neigh bors of the west by impassable barriers of faith & manderg, and separated by seas and deserts from their kin-dred of the east, they were an isolated people. Their whole existence was a prolonged though gallant and chivalric struggle for a foot hold in the usurped land. They were the outposts and frontiers of Islamism. The prinsula was the great battle ground where the Gothic ouquerors of the north, and the Moslem conquerors of cash, the east, met and strove for mastery; and the fiery cour age of the Arab was at length subdued by the obstinate

and persevering valor of the Goth.
Never was the annihilation of a people more com-The French troops have every smaller orders, and must in the serious of Barbarians of Africa, and cased to be a lired game.

The Results of the Morisco Spaniards. Where are they? Ask the sides of Barbary and its desert places. The stilled remnant of their once powerful empire disappeared among the Barbarians of Africa, and ceased to be a nation. They have not even left a distinct name behind them, though for nearly eight centuries they were a distinct people. The home of their adoption and of their occupation for ages refuses to acknowledge them but as invaders and usurpers. A few bro-The Duke of Reichstadt was recovering from his ken monuments are all that remain to bear witness to The Chambers were to be called together on the lat their power and dominion, as solitary rocks left far in the interior bear testimony to the extent of some vast nundation.
