NITROUS OXIDE GAS.—DR. S. COULT, respectfully informs the ladies and gentlemen of New Orleans, that he will administer the *Nitrous Oxide or exhilarating Gas*, every evening, commencing on Saturday evening next, 30th instant, at the ball room, corner of Orleans and Bourbon streets. Doors open at 7 o'clock, the exhibition to commence at half past 7 o'clock, precisely.

The peculiar effects of this singular compound upon the animal system was first noticed by the celebrated English chemist, Sir Humphrey Davey. He observed that when inhaled into the lungs, it produces the most astonishing effects upon the nervous system; that some individuals were disposed to laugh, sing and dance; others to recitation and declamation; and that the greater number had an irresistible propensity to muscular exertion, such as wrestling, boxing, &c. with innumerable fantastic feats. In short, the sensations produced by it are highly pleasurable, and are not followed by debility.

Dr. C. being a practical chemist, no fears need be entertained of inhaling an impure Gas; as he is willing to submit his preparations to the inspection of any scientific gentleman.

Dr. C. has exhibited the extraordinary powers of the Gas in many of the cities of the United States, in an tience composed of ladies and gentlemen of the first respectability—and many ladies have inhaled the Gas at select exhibitions. Those ladies who may be anxious of witnessing the exhibition in this place, may be assured that not a shadow of impropriety attends the exhibition, to shock the most modest.

Tickets 50 cents; children 25, to be had at Bishop's store, and at the door, on the evenings of exhibition. m 28

The various productions of the artist, which are rare and exquisite in their construction, are for sale, and well adapted as presents for relatives or a fair hand. CARSTAIRIAN SYSTEM OF WRITING.

MESSRS. T. P. & R. DOLBEAR, respectfully invites the citizens of New Orleans to call at their writing establishment, No. 48, Canal street, (over Miss Carroll's book store) and examine numbers of penmans, executed by ladies and gentlemen who are receiving their instruction, as well as those who have completed their lessons.

The movements of the whole arm, fore arm and fingers, with their combinations, which are given by this system, are adapted to the various purposes of the counting room and parlor; and if properly acquired, will never fail to enable any person to write with ease, elegance and rapidity, without cramping, or pairing the hand or wrist—as these systematic movements are founded upon the philosophy of mechanics.

A class of ladies writes daily from 12 to 1, for whom a separate apartment is provided. Gentlemen's apartment open from 9 a. m. to 10 1-2 p. m. Private lessons given as usual. Ornamental writing, &c. &c. executed with elegance. Persons visiting the city for a few days only, can receive a full course of lessons. Persons attending this institution are not restricted to a given number of lessons, but all are desired to acquire an elegant hand before they leave, whether it require ten or thirty lessons. m 7

CERTIFICATES.

From his Excellency Governor Roman.

I have examined, with attention, the system of writing taught by Mr. Dolbear, and it is with pleasure that I can certify to its superiority over any other method with which I am acquainted. Mr. Dolbear having given private lessons in my family, I consider it but justice to add, that I believe him as much worthy of public patronage, on account of the correctness and mildness of his character, as on account of the *rapid improvement* of those who received his lessons.

New Orleans, July 2d, 1832. A. B. ROMAN.

On the invitation of Mr. Dolbear, a Teacher of Penmanship, in our city, upon the *Carstairian system*; we have carefully examined specimens of the writings of his pupils, whose ages range from 5 to 50 years, written through an entire course of instruction; and after having done so, it is with the highest satisfaction, that we can testify to the *rapid* if not unparalleled, progress which they have made.

From the specimens seen, and the examination of system made, we cannot withhold the expression of a current opinion, that the system is greatly *superior* to any hitherto taught. If to write *legibly, elegantly, rapidly*, and in good *taste*, be an accomplishment, useful or desirable, it is upon the principles of *this system* that it is to be acquired. We therefore anxiously solicit of the public a liberal patronage in favor of an Instructor, whose qualifications are of the highest order, and whose labors promise to be exceedingly useful to this and other communities.

A. B. Roman, Governor of the State of Louisiana; D. Prieur, Mayor of the City of New Orleans; Rev. C. Maenhaut; Rev. O. L. Nash, A. Graifht, Esq; Rev. G. Winslow; J. W. Egnew, Esq; Wm C. Pope, Esq; D. Morphey, Esq; L. Bringier, Surveyor General. dec 20

From an examination of the system, according to which Mr. Dolbear instructs and from personal observation of the proficiency of many of his pupils, I feel the utmost confidence in recommending him as the ablest teacher of the art of penmanship, with whom I have ever met. His department, also, is that of a gentleman.
