THE PHILADELPHIA ELECTION. Letters from Philadelphia bave been received confirming the statement that the election for expectors had resulted in Borne by members of the Schuylkill Hose Company, favor of the Democratic pasty. The majority for the Suthertand Ticket is stated at 1200, and that for Ash at 1400. The returns from the Interior of the Butte, as far as recrived are equally cheering.

The Baltimore Republican states, that the election in that city for the general assembly has resulted in favor of the Bank party, by a majority of three hundred and fourteen volce. The squee paper adds :

The means by which this result has been accomplished are such as should disgrace any party, and have the effect instead of depiriting the Jockson party, to cause them to reloubled activity and goal in the cause of free principles. I, will be seen that near eleven thousand votes have been polled ing of sing thousand. The Jackson vote is about seven hundrad greater than it was two years ago; and we have no doubt that a taige portion of the excres in the pull over forme elections, is made of illegal votes, The 5291 honest and faith ful hearts formen strong capital, upon which to begin this ness again, and with them we can and will beat our adval saries, and do our duty in putting flown the Bank.

THE REIGN OF TERROR! MURDER OF AN INOFFENSIVE CITIZEN!!

Mr Clay, the bank orator, declared sometime ago in the United States Senate, that we were in the midst of a blo. dy a free and inoffensive citizen; for having dared to be free, revolution. At the time in uttered there memorable words was it thought that they ever were to be realized. But the despectate game which the Institution, whose mouth piece he is, has been engaged in, and the resolute stend the people have taken has brought on the crises which he in a suirit of vengeonce then predicted. The last Philadelphia papers announce the murder of a respectable citizen, Will-LIAM PERRY assessment in cold blood by some of the ninions of beek pawer. The horrid Crime was perpetrated couse the deceased was friendly to the great man who now resides over the affairs of our country, and opposed to that dious munophly, which would establish a reign based upon inquierion. It seems from the investigations that have ju-dicially taken place, that the deceased was standing in the republican make at the election for Inspectors; that after wing had his vety recorded, he was quietly and peaceably ding homewards, when he was suddenly attacked by some accret assessing that the only words he was heard to with bendage conselves with afterwards expired in the greatest agony. He is represented and slavery exist—the Ballot Baz. as a very civil, quiet, industrious young man, and of a very me peaceable deridenties—always kind and attentive to his mother. He was a mechanic, a carpenter, and had always been a very firm and decided Jackson democrat.

At about 5 o'clock on Sunday afternoon, 5th inst, the functal of the unfortunate William Perry took place, and his remains were consigned to the sitent tomb at Ronaldson's Cornetry, Moyamensing. The shortness of the time precised any public intimation of the rolesan carento ny, or the attension of any general invitation, yet, Philadelphia never witnessed a display of a more important attention. The procession of democrats who follows is variously estimated at batween five and ten should home, is variously estimated at batween five and ten should home, is variously estimated at home five and ten should home, is variously estimated at home five and ten should home, and it is supposed that about twenty or thirty shounand witnessed the obsequies. All the accounts from the seat of war in Spain are so confused with contradictions, that it is impossible to form any judgment of what is going on in that quarter.
