SKETCH OF A PROSPECTUS
For a Weekly Periodical, to be published in the
City of New-Orleans.

It is proposed that a paper, consecrated to the Arts
and Sciences, Literature and Religion, shall be published
in this city. This paper will be called
THE LOUISIANA RECORDER.

In order to secure its success, and afford the public
a sufficient guarantee for the character and stability of the
paper, an association of gentlemen has been formed, under
whose auspices it will be commenced, and by whom it will
be prosecuted, through the agency of Committees of
Subscription, chosen from among themselves.

The association, so principally composed of professionals
gentlemen, many of whom are citizens of New Orleans,
have determined to make their publication of a new periodical,
for the moral, scientific and religious instruction of the
generous and independent spirit which characterizes
the inhabitants of Louisiana, and to liberal views of
the interesting region connected with this great empire
of the South and West. These members of subscription
pledge themselves to exert their influence in securing
the aid of the intelligent interest in the United States to furnish
matter for the columns of the Recorder, without regard
to party bias, individual judgment, or sectarian pro-
pensity, chosen from among themselves.

It is intended that this paper shall contain the usual
quantity of original and selected matter found in the
periodicals of a similar description.

The price to city subscribers is fixed at \$5 per annum,
payable in advance. The person, at a distance, will be
paid on the arrival of the paper. The first news will be
paid at 10 o'clock, the following day, if the subscriber
should want the publication in time, except all the
postage, over and above the actual expense of \$1.00,
which will be for the exclusive benefit of the Male Orphan Asylum of New Orleans.

It is expected that the postage will be paid on all copy
unpublished addressed to the publishers.
