OPIATA BALSAMICA, DEL DR. GUERRERO. THIS OPIATA, a recent discovery, is a certain safe and convenient remedy for that species of discass called Gomerneau or Gleet. Its reputation has been generally established in South America, and has commanded the written testimonials of the Medical Faculty of that section of the Globs, relative to the speedy and infallible section.

The OPIATA BALSAMICA is put up in small leaden pets, accompanied with directions, and may be conveniently carried in the pocket, both by persons travelling,

But the greatest advantage which it possesses, is, that it invariably produces a radical cure of the disease in a few days, without affecting the most delicate constitution, g to its containing the slightest particle of mercury

COAL TAR.—This useful article becoming every day more and unit. a appreciated, many planters having proved its great virtues in keeping out water from weeden roofs, and priserving fence timber. Kc.
