

THE BEE.

NEWSPAPER AND BUSINESS DAILY BY ALBION RAYON.

OFFICIAL GAZETTE OF THE STATE AND CITY.

OF THE UNION made & preserved.

FRIDAY MORNING, 10 JULY, 1861.

By the eastern men of yesterday we are in possession of the New York papers of the 27th ult., and Charleston of the 28th instant—with corresponding news from other places.

These European papers had arrived in New York—*Victoria* from Liverpool, May 20th; the *Soldier* from Havre May 1st.; and the *Prussian* from Paris May 15th.—The intelligence by the *Victoria* is important, although from the N.Y. *Journal of Commerce*.

Paris papers and letters have been received in London of the 26th ult., but contrast our one over on the American question. "Should not both men be brought forward in the Chamber of Deputies? which was still highly excited by the trial of the Lyons prisoners. A new adjournment attracted the attention of the press, and the *Prussian* gives the details of the trial of two members—Messrs André Payravane and Chateaubriand—of the chamber of deputies, by the express order of the king, for exposing the case of the above prisoners in the Tribune newspaper, now extinct.—A pretty sample of constitutional republicanism! These two gentlemen's names were appended to an address (with 25 others) to the prisoners; but after a secret committee was convened in the chamber of peers, and a majority of 111 in favor of the chamber of Deputies on the ministerial side in favor of the trial; Messrs Troy (an editor) and Michel (a barrister) assumed the whole responsibility.

As regards the political prisoners nothing had been done up to the 16th of May, except reading the original process or indictment.

The agents had convened in Paris on the 16th; but whether operating with the republican party or police was not certain. It was reported by the municipal guards.

The *Prussian* also reported that he had been appointed to the trial.

The Polytechnic school is believed to have placed under the superintendence of the minister of the interior, instead of the minister of war.

The Paris Chamber of Deputies have unanimously passed a resolution for a reduction of the duties on colonial sugar.

The whole effect of Austria has been opened to unrestricted commerce; and affords an admirable start to New Orleans merchants for their produce. Hoping to stimulate their enterprise, we issue commercial intelligence from Tivoli, where they will always find an excellent market.

The opposing generals Valdes and Zamañegaray in Spain, had signed a cartel agreeing to an exchange of prisoners; and it is stated in a Liverpool journal that peace is likely to be restored by a marriage between the eldest son of Don Carlos and the queen. This decision is now more probable, as the Carlist cause has obtained the superiority over theChristians. Lord Elliot and Colonel Curwood had left Seville on the 5th of May; and had arrived in Paris last date.

No business of importance had been transacted in parliament—Lord John Russell who is to act as leader in the house of commons, had not been seated. Mr. Spring Rice acted as deputy leader; but was recessional. A motion however provided in the commons for a committee to inquire into the conduct of the agricultural districts in England in consequence of the severe pressure of the new poor law's act; and also on the propriety of returning to a specie currency.

Announcements from Vienna announce the destruction by fire of the populous town of Brody, in Galicia.

The Tribune, a well known republican paper of Paris, has ceased to appear. It was completely crushed by the arms of Spain in its having been sentenced 112 times \$100,000 francs, and its editors sentenced to various terms of imprisonment amounting to 49 years.

Talleyrand is associated to Louis Philippe. It is said he will immediately proceed on a confidential mission to Spain.

The city council had an extra session yesterday—the report of which will be given tomorrow. Nothing of moment transpired. An ordinance was introduced to appoint a collector of taxes on perching; but its duration was postponed, and it was rescinded.
