NOTICE—The public is informed that the partnership heretofore existing between Ed. L'hote and A. Marigny was dissolved by mutual consent, on the 10th of June 1835.

Ed. L'hote is alone empowered to settle the accounts of the partnership.

Ed. L'hote avails himself of this opportunity to inform the public that he has recently opened in Bay St. Louis, opposite the church, an establishment known by the appellation of Bel air Hotel.

The advantageous situation of this hotel, its proximity to the landing place are too well known to require further explanations.

Madame L'hote justly appreciated by the great care she always took of her boarders, and by the attentions she paid to her visitors in all the public houses she has superintended, as lately the Marine Hotel in New Orleans, will take the direction of the interior department of the establishment.

Mr. L'hote will endeavour to give satisfaction to persons visiting his hotel, when he plodges himself they will find comfort, cleanliness, good fare and attention.

He has engaged a good French cook, transient and permanent boarders admitted, *Table d'Hote* with wine at every meal.

MANDEVILLE HOTEL

THE undersigned informs his friends and the public that on the 25th June, he will be ready to receive in the establishment all persons who may favor him with their custom, and receive boarders. To persons acquainted with the superb situation of the establishment, a description of it is superfluous, but she subscriber thinks proper to point out to the public its many advantages.

Mandeville is situated at about 2½ miles distance from New Orleans on the borders of Lake Pontchartrain. The ground is elevated about 12 or 15 feet above high water mark, and the purity of the air excludes all contagious diseases. There is abundant fishing and plenty of game. All provisions, wines, liquors &c. of the 1st quality, and no trouble will be spared to afford comfort and pleasure to visitors. To that end the subscriber has provided pistol shooting. Families may be accommodated with private apartments. Two steam boats plying alternately between New Orleans and Mandeville, and making the trip in 2 1-2 hours will keep up a constant communication. Bathing so necessary in the heat of summer has been provided. A large wharf makes the landing easy and safe.

For the time of starting of the boats, see the advertisement of the steamboat Delta.

june 17 JOHN DAVIS.

MARIGNY HOTEL.

Corner of Victory street and the Pontchartrain Rail Road

THE proprietor begs leave respectfully to invite the attention of the public to this establishment, which is furnished in a new and splendid style, unequalled in this country.

No pains or expense have been spared, and the utmost exertions will be used by all employed in the house to afford as much convenience and comfort to its patrons, as any plan of the kind possibly can.

Boarders and lodgers will be accommodated in the most genteel stile, and the rooms are delightfully pleasant.

There is a neatly furnished saloon expressly for the accomodation of Ladies on the second floor, connected with which are apartments where Ice Cream, Soda Water and Confectionary are served to Ladies and Gentlemen every evening.

This will be found very convenient for Ladies and Gentlemen that travel on the Rail Road, who are too late for the cars, as a pleasant place to sit in, will be some compensation for the disappointment, and add to this some of the latest and the newest will make the delay a pleasure—and for those who indulge in an evening promenade, this will be a most desirable resort.

This splendid establishment has been fitted up with great expence, and the proprietor has only been induced to it by the responsibility, from the knowledge of the fact that the citizens of New Orleans are second to none on earth for their certainty of rewarding laudable exertions.

CELEBRATED CASTILLON POWDER.

THE widow Carthy of Philadelphia, proprietor of all the receipes of the late doctor Castillon of Cape Francais has made out apothecary store a place of deposit for Doctor's Castillon's celebrated anthemintick and restorative powders. This Gentleman was formerly King's Surgeon in St Domingo. We appointed by the proprietor agents for the sale of the receipes in this city.

These specifics have constantly succeeded in all parts of the Island of St. Domingo; they will cure the scurvy of all diseases originated from Scorbutick virus, diarrhœa, dyssentery, tenesmus, lientery, slow, intermittent and continual fevers, obstructions of the liver and of the spleen—the diarrhœas most inveterate, dyssenteries and tenesmus, originating from the measles and the malignant small pox—and those diseases consequent to deliveries and pregnencies.—The powder mixed with milk produces a very pleasant and nutritive pap—destroys all the putrid humors in the stomach and intestine—restores digestion and all secretions by purifying the blood of all scorbutick cause.

The length of the time necessary to get cured varies from 20 to 30 or 40 days, according to the ancientness or malignity of the disease—these specific remedies are to be found constantly at our apothecary shop, where a summary of all the extraordinary cures that were effected by these remedies are published. The public will find it very advantageous to use them as they may cure themselves to the directions given with the remedies.

OPIATA BALSAMICA,

DEL DR. GUERRERO.

THIS OPIATA, a recent discovery, is a certain safe and convenient remedy for that species of disease called Gonnorhœa or Gleet. Its reputation has been generally established in South America, and has commanded the written testimonials of the Medical Faculty of that section of the Globe, relative to the speedy and infallible results which have attended its application to all cases of Gonnorrhœa.

The OPIATA BALSAMICA is put up in small leaden pots, accompanied with directions, and may be conveniently carried in the pocket, both by persons travelling and by those who may wish to avoid exposure, either to a physician or to their friends.

It is in the form of an agreeable paste, and is taken in such a manner as to render it "tasteless," by being wrapped up in a wafer prepared for that purpose, a sufficient number of which will be delivered with the medicine. But the greatest advantage which it possesses, is, that it invariably produces a radical cure of the disease in a few days, without affecting the most delicate constitution owing to its containing the slightest particle of mercury in its composition.

Before the Agent would offer it to the public in this country, he has had its efficacy tested by several of the most respectable physicians in the city of New York. Their success has fully justified the declaration, that it is the best medicine they ever used, and they have in consequence, generously consented to be referred to as to the truth of this statement.

Price—each pot, one dollar and a half. It is sold by the subscribers, chemical druggists, sole agents for the remedy in Louisiana.
