MEXICO.

WAR AND NAVY DEFATMENT.

Circuiar—The gevernment has received information that, in the United States of North America, meetings are called for the avowed purpose of geting up and fitting out expeditions against the Republic of Mexico, in order to send assistance to the rebels, foster the civil war, and inflict upon our country all the calamites by which it is followed. In the United States, our ancide ally expeditions are now erganized similar to that headed by the traiter Jose Antenio Mejia, and some have even set out for Texas. They have been furnished with every kind of ammunition, by means of which the revolted colonists are enabled to resist and fight the nation from which they never have received but immense benefits. The government is also positively informed that these acts, condemned by the wisdem of the laws of the United States, are also reported by the general government, with which the best intelligence and the greatest harmony still prevail. However, as these adventurers and speculators have succeeded in escaping the penal ties inflicted by the laws of their own country, it becomes necessary to adopt measures for their punishment. His excellency the president ad interim, anxious to repress these aggressions which constitute no-only an offence to the sovereignty of the Mexican nat too, but also to an evident violation of international laws as they are generally adopted, has ordered the following decrees to be enlorced.

1st. Foreigners landing on the coast of the republic or invading its territory by land, armed and with the intention of attacking our country, will be deemed pirates and dealt with as such, being citizens of no nation presently at war with the republic, and fighting under no recognised flag.

2nd. All foreigners who will import either by sea or land, in the places occupied by the rebels, either arms or ammunition of any kind- for the use of them will be deemed pirates and punished as such.

I send you these decrees, that you may cause them to be fully executed. rem the city to lake Fontchartrain, and for the grading of the same.

All necessary information can be obtained by applying at the office prior to the 1st March, proximo.

By order of the board,
