Haven, Jan IS—We have continued to have but little animation in bu siness. Holders of cotton having submitted to but a small decline, while the arrivals remained scarce, the trade bought very sparingly. Now 14 cargoes have been brought in by westerly winds within two days. The advices from Liverpool, showing some further advance, while the letters from America, in general, express the opinion that the crop will not exceed 1,300,600 to 1,150,000 bales, and the stocks in the hands of massimateurers being nearly exhaucted. not exceed 1,300,600 to 1,150,000 bales, and the stocks in the hands of manufacturers being nearly exhausted, our markets may for a few weeks be better supported than we had rerson before to hope. But so long as this reduction of the crop is not made certain, low prices must be apprehended. The sales fer the week are 3700 bales, the ...rivials 21,000 bales, making our stock 68,000. Little doing in coffer, market steady.
