FOR PRESIDENT
M. VAN BUREN.
FOR VICE PRESIDENT
RICHARD M. JOHNSON.

The large number of advertisements to-day, the indisposition of some of our competitors yesterday, and a desire to insert a large quantity of miscellaneous that have been postponed from day to day, have prevented many articles prepared for this day's issue.

The general council had no session yesterday, from want of a quorum.

The first council will have an extra session this evening. Energy of this kind bespeaks a proper attention on the part of our adherents, to the interests of their constituents. By improving the port—growing, lighting and watering the streets—improving the public works, and the improvements made by us, with the up-to-date drainage company, out abreast most companies in the river, a population of half a million inhabitants from the river to the lake, between the longitudinal boundaries, and may greatly enhance the comforts of residence, with the value of real estate and property at its district. From the energetic disposition displayed last week, we augur favorable prospects for the first municipality.
