Domestic Meeting.

A meeting of the Domestic Committee, 100 members, was held on WEDNESDAY EVENING, at the NEW CITY EXCHANGE, St. Louis-street, for the purpose of taking measures to present to the Legislature, in the name of the State, a bill to prohibit the creation of a National Bank. An opinion of opposite characters are in circulation, some contending that the bill is expedient, and others that it is unnecessary.

The only transaction that has come to my knowledge is the sale of 75 bills New Orleans, for \$100 each.

These have been confined to some small New Orleans stores, and in the days since their appearance the market continues quiet, and the sales have been very small.
