Cotton—The stock on hand is 80,400 bales. The export since 1st Oct is more than for the same period last year by 70,000 bales. The sales of the week amount to 3788 bales; of which 2844 bales were Upland at 8½ to 10¼ cents; 905 New Orleans at 9¼ to 10¾; 275 Florida at 9¾ to 11¼; 468 Mobile at 9¾ 11¼ to 12 cents. Waiting to Fair are the qualities most in request, at 9¾ to 9¾c, and fair at 10.

Molasses—Demand good, and for New Orleans a small advance has been realized, sales having been made at 24 & 25 cents. Trinidad 32 a 34 cents for shipping.

AUGUSTA, March 1.

Cotton—Since our last weekly review, we have kept without large advice from Europe, which had caused our market to remain much in the same dull and unsatisfactory position. In fact the only enquiry at the present moment is for strictly fine and good cotton, and the observations being scarce, holders show no disposition to force it on the market, and are holding on for higher prices. In the inferior and middling qualities little is being done, as few buyers are anxious to operate even at present prices. All seem to be anxiously waiting further advices from Europe, and until they are received we look for a dull market.—The receipts continue light for the season, notwithstanding our roads are in the worst possible condition, rendering the carriage of cotton very difficult and expensive. The sales have been about 100 bales on the 20, 21, 22, 24 and 25th.

CITIZENS ATTEND!!!

The opponents of BANK MONOPOLIES, the friends of just and equal rights, will assemble at the City Exchange in St Louis street, on THIS EVENING, the 5th instant, at 7 o'clock, to express their views on the VETO of the Bank Bill by the Governor. Let none who love his country and its institutions be absent.

ESTATE.—In our report of the debate in the Senate on the Governor's veto, published on Saturday last, we made Mr Hennessy "first although the resolution presented by Mr Wilson to print the substance of the banks and the amount of notes of each, to ascertain determine its practicability, he would vote for its adoption as amended."

The expression made use of by Mr Hennessy are as follows: "First, although I consider the resolution a bad one I would vote for any amendment to it, to surrender it at least so. The people will judge of the conduct of each, as much the wiser for those who will shelter in public opinion.

PUBLIC MEETING

The opponents of Governor White on the effects of our Legislature, to place some effectual check upon the unrestrained system of issuing notes which has characterized our banking institutions for many years, has caused the designation of the 5th of this present month and the four succeeding ones, and the city which he governs now in consultation of those years which deserve the most of country. Time is to be given to the people of the state of Louisiana to express their opinion upon the veto of the bill, which has been refused by the governor, and which has been sanctioned by the Legislature, by a majority of both houses, which is more than sufficient to pass the bill over the veto. The question is now before the people, and it is their duty to express their opinion upon it. The people of the state have been taxed to the amount of $2,000,000 for the benefit of the banks, and the amount of bills of all sorts, denominations, &c. would now be for the adoption as amended.

The representatives made use of by Mr Preston are as follows: "First,
