FOR PRESIDENT OF THE UNITED STATES. HENRY CLAY.

* OF KENTUCKY. ject to the decision of a National Convention NORTH RASTERN BOUNDARY QUES-TION.
It is impossible as well as unnecessary to diaguis

Without, Eq. appointude same time, to Montagui Without, Eq. appointude him captain-general and governor-in-chief over the province of Nous-Scotia, thus describes the limits of that province, namely; "To the northward, our said province shall be bounded to the southern boundary of our prevince of Quebec, as lar as the western province of the Bay des Chaleurs, to the eastward, by the said bey, and Gulf St Lawrence, &c." and to the members of the lawrence of co." and to the members of the contract of the con riquis enouigh to note that New Hampshire, Illinois, Ohio, and Pennrylvania are theoforemest in their arrogant and ill-advised attempts to renounce the authority of the proposed national convention, and to thrust noten roten upon the people a whige anniet-are, where these four states are precisely those, in which the administration yet maintains its afrongest hold. Sugmosing general Harrisson to be nominated, we should Jo glad to know whether he would receive the electronal rote of the above mentioned states. Not if recent wents can be ofhsidered in any wise a fair tost of popular sentiment. Is in not then the height of Lawrence, Sec." and to the westward, it shall be bounded by a line drawm from Cape Sable across the entrance of the Bay of Fundy to the mouth of the entrance of the Bay of Fundy to the mouth of the entrance of the Bay of Fundy to the southern keep St. Croix, by sade river to its source, and by a line drawn due north from thence to the southern boundary of our colony of Quebec."

"Whatever doubts there may be as to the precise delineation, which should be given to the boundary line between Lower Canada and Nova

doubt art to the fact, that this line was not intended doubt art to the fact, that this line was not intended to cross the river St. John; and that the governors of Nova Scotia-and of New Brunawick since the downson of the progrice, have uniformly phoposed as juradiction extending tarther north, than the point at which the St. John crosses the due north line from the source of the St. Croix. It is therefore in the highlands north of the St. John that the north-east angle described in the treaty in the search?

States, was acquiseced in by Great Belkain, and was repeatedly officially adapted by her. The question and dispute is whether the highlands dividing the wa-ters of the St. Lawyrnce from those flowing into the Atlante, are to be found on the porth or south sidopman, in endeavoring to establish the bead of she codiae lakes to be the source of the St. Creix, says The liquits of Nova Scotia, at the time of the trusthe oppure of Nova Scotia, at the time of the trea-tive speace were the same that were established when the province was anciently and originally erected and trained [1621] in every respect excepting the Island of St. John's, and the northern boundary line, which by the exection of the province of Causbee after the beact of 1755 was altered from the southern bank of the St. Lawrence to the highlands described in the treaty by teach.

Again.—"A line due north from the source of the western or main branch of the Behoodise or St. Cross will rully secuse this selfice to the United States in every instance, and also to Great Bittain, in all inclusions to the control of the sources of this river are to the westernous that he sources of this river are to the westernord, not only of the seatern boundary line of Noral Seaties, but of the pources of pin Penobecut and the Kennebec, so that this north line must of necessity cross the St. Johns."

Norther party seemed to have entertained any question of the fact, that the contern boundary of Maine crossed the St. John's until after the late war, during crossed the St. John's until after the late war, during

creased the St. John's until after the late war, during which the inconvenience of having a foreign state to interprese between the provinces of New Brunswick and Lower Canada was felt by Great Britain. Fronthat period it has been as diject of continued struggiowith England to get the ligo agreed upon in the treety, of 1783, so altered as to align her a direct communication between Quotes and Halifax. The United States have resisted at

Two mile hards for a service

riming in two heats. The first heat Roderick Dhuesing the contending mag, and Faring Wright the second

Seme say that general Urrea had received a check there declare that he had been defeated, and tha feijs was bessiged at Tuxpan.by the central troop Bustamente was to march against Tampico, o

warmly support his presidential pretentions be regarded as unequivocal oridences of popularity, we will not inesitate to admit the legitimacy of the claim. It is curique enough to note that New Hampshire, Illinois,

tost of popular sentiment. Is it not then the height of progumption in states in which the whig party is at

from New-York, beings out specia to the amount of \$100,000, consigned to J. B. Perrault and A. Lanfour-making about \$200,000, received from New-York within a month. We hope these indications of

ring the night. To these gentiernen, wines aniant for me was great, I take pleasure in expressing my grateful thenks.

RICHD, CLAYTON,

Welposday, March 13, 1839.

Correspondence of the Journal of Commerce, Kev West, Feb. 13, 1839.

The ship Albree, Knowles master, of Gostom, from the ship Albree, Knowles master, of Gostom, from the ship Albree, and fresh ship Albree, and was maintenanced to be badly injured. Eight hundred bales of the Cotton who in the property of the ship injured. Eight hundred bales of the Cotton who in the working research, and the ship arrived yesterday. She will remain until the Judgessitums, who in daily expected. The Italian brig La Marka is yet long, then the master will content the right to always a shape with the content of the claimants. The case of the ship I do not know, but the sarrage will not pupulsely careed 15 greent. Licett. McLaughlin, of the United States scheoner. Wave, with the cutter Lampbell and a trensport, has gone to Cape Florida to make a land expedition against the Indians. He has very active and persavering officer, but has been delayed in his operations by sick ness this winter.

tion of the candidate without respect to the artifits on of the convention! I at not unparthosable felly impromised be sent to the convention of pathic journals who he will write the sent the section of the convention of pathic journals who he was the part that successingly to senter the section of pathic journals who he was the part that successingly to senter the section of the convention of the convention on the yet firm phalann of the opposition. We depreate this convent in the most convention of the convention on the yet firm phalann of the opposition on. We depreate this covered in the yet firm phalann of the opposition on. - *Gapt. L. E. Forstall,
- *J. B. Blache,
- *Piorence,
- *G. Critian,

committee had the matter under consideration a full report as requested. The house then proces the Onders of the DAY.

Onders OF The Day.

The house centured in a bill from the senate to continue in force the arbincorporating the city of Lafavette.

The resolution offered yesterday by Mr. Winchester, rescinding the resolution-to-slow a polyourn sine die, was called for, but there not being a sufficient number in favor off the motion to dispense with the rules, the solution yet lays on the table.

The house then proceeded to the third reading of the hill to provide for the trying of certain kinds of law suits. The bill was passed.

The both of New Orleans, and defining his duties. The bill was passed. ames in the city of Now-Orionns, and defining his duties. The bill was passed.

By a message from the senate, that body persisted in their amendments to the bill unking appropriations to the Harrisonburgh and Vifalia read, which had been rejected in the house, and registed the appointment of a committee of conference of the two licenses, upon the matter in distinguement.
