HENRY CLAY.

at last are but take ins; and were it not for the unfor torrate defect in the enuncration of Mr. Barton la alone would be worth the whole of them-Booth e special notice; but enough for the present.

CANDIDATE FOR THE PRESIDENCY. The Cincinnati Whig does no more than justice in republishing the acknowledgement of our entire will inguers to abide the decision of the National Conven-We shall most chearfully and contially labor for the success of the nominee of that enlightened body upon whomsoever its theirs may fall. Those who question our absolute deference to the will of the covention, or imagine we shall entertain the smaller accupies in sustaining its preference, need only can by our ready acquirements in the fiat of that assembly

Eut we still distinctly declare that the press, in up-helding any other whig candidate than Henry Clay-will not be truly representing the people of the south-ern states; and however long and anlicously we may test for the elevation of General Harrison, it is our unreserved opinion, that all efforts to ascure for himfruitless. On this point the southern press ha political excitement does not run as high, nor is the current of party feeling as deep among the mass here in the south, as in the north and west. Whigs-though they be, they have strong and immoveable pertion of a candidate other than their choice, would un our learning in coares appear reason, selection of that can didate, who, we hold, will stand the strongest chance o carrying a very large number of electoral votes, that ll in an opposite event, be withheld, thus jeoparding convention, his prospects in the south would be gloom; enough; but we shall not he situte on that account, is giving him the earnest and unflinching support we ar miedged to extend to the candidate of the convention

Important and unpleasant rumors are in circula ton respecting this public functionary. Mr. CAMP-MAIS, the postmaster, is charged with pseudaing largely upon the public funds for the purpose of ap-plying them to his own use. The specification of this ring them to his own use. The specification of this large made by the electh of the posseffice, according to Louisville Journal, is as follows: "The postoffice partament has printed receipts, which, being vouch is for the money drawn for public services, are remitted to be signed by werey person to whom money middle the context, and some the outside dealers with the context, have been frequently requested to sign hank receipts, which the standard affects of the Louisville office, and some the outside dealers with the context, which had standard affects of the Louisville office, and some the outside dealers with the context, which the standard affects of the Louisville office, and some the outside dealers with the context, which the standard affects of the Chilians, who were retring northward is only to the clients, which the standard amount he cased, and the department at Washington allowed hatever sums were mentioned in the receipts. The erks had their suspicious round, sent on to Washington, obtained capies of the vouchers transmitted in lart manes, and found that the receipts had lawn the manes of the result was anticipated than it is true manes and found that the receipts had lawn their means and found that the receipts had lawn their means and found that the receipts had lawn their means and found that the receipts had lawn their means and found that the receipts had lawn their means to the result was anticipated than it is not possessed from Chapters brings that their species of the wouthers the manes of the result was anticipated than it is not possessed from Chapters brings that their species of the wouthers of the standard of the context of the total defeat of Santa Gruz, at a place that a place the standard of the context of the total defeat of Santa Gruz, at a place that the standard of the context of the total defeat of Santa Gruz, at a place the standard of the context of the total defeat of Santa Gruz, and the standard of the context of the total defeat of Santa Gruz, and the standard of the conte charge made by the circks of the pastoffice, according to the Louisville Journal, is as follows: "The pastoffice

filled up with sums which they never received." These estatements attacking discrety the honesty he justimaster are made by the clerks themselves, as the Journal calls on Mr. Campbell to disprove the all gations, if he can. A few days will, probably, enlight-

The Natchez Courier of the 30th at contains the articulars of a deed of blood perpetrated in that city a the morning of the 29th. An individual name

3 7 We are indebted to capt. Carter, of the Diana or Eagle of the Waters," as she is happily termes by Prentise, for Louisville papers of a late date.

erannation of the present month, the tide of affaig-oill experience its usual summer stagnation. The strangers and sojourners whom commercial transac-ions, or the allurements of the pay and ganial winter tad attracted to our city, stready begin their annua-nigration; in a few weeks none will be left aucha-as, save the permanent residents of New Orleans, and those unluckywights, whose slender means not multiple the reads. qualling their wishes, compel them to liner out the oppressive heats of the coming season, quaking with opprehension lest fever assail them, and anuffing the pidense in every breeze. You may know these fearpaterns in very server. Low Annay know the earlier keep tricken dwellers in our dangerous city, by their per-overing enquiries of all to whom prolonged residence as given some pretensions to experience, whether the unimer will be one of health or sickness, whether the summer will be one of health or sickness, whether in-hysicians anticipate uninterrupted salubrity or raging collence, whether the signs and portents of the ceases are auspicious or universible. We confus-sared-tes unable to reply categorically to such queries. From all that we learn, and all we have observed, we From all that we learn, and all we have observed, we reconcluded to believe that there is no certain, uneque-ocal augury of health or sickness, in which implied ecliance may be placed. Yellow fever is a capricious and uncertain visitor; doubtless its advent depender

ipon certain atmospheric conditions, certain states of typness or humidity, certain changes of the wind; but ryness or humidity, certain changes of the wind; but these phenomena do not occur with sufficient regularity, and are too impulsable and invisible in their natifie, to lead the investigator to positive and satisfactory deductions. All we can do, therefore, is to hope for continued freedom fross sickness, and to place our humble trest in the inscrutable will of an all seeing and beneficent providence.

Convention.—The returns of elections fross all but

our towns have been received, and the result is that n the house of representatives 111 whigs, 4 conserva-ives and, 90 loco-faces will be returned as elected hough the sents of two of the locus at lenst will be outssted. The towns of Windsor, Mansfield, and Coventry have dissolved their neetings and will not

he represented.

Mittory Senaron.—From the Albany Argus we learn that the 16th April being assigned by the legic lature for the election of a U. S. senator. The house dosted a resolution by a vote of 27 to 29, proposin In the senatea proposition to insert the name of War-ner Wing was under consideration, when the whole subject was laid on the table by a vote of 8 to 7.

Zenam Connun, the celebrated mathematician as alculator, died about two weeks since in the 35th year of his age. "If was born in Vermont, and at an early age, soon after his remarkable talent was dissevered, he visited this city, and subsequently many jarts of this country and Europe. He returned to this ountry and his native state, after an absence of It ears. On attaining to mature years, it is understood that he lest his peculiar talent, yet was possessed of repectable abilities and acquirements. After returning Vermont he became a clergyman of the Methodi Spacopal Church, and recently a professor in the lite sy institution at Norwich, in which situation he re-mained until his death."
