NEW ORLEANS, THURSDAY MORNING JUNE 1, 1860.

FOR PRESIDENT OF THE UNITED STATES.

HENRY CLAY.

OF KENTUCKY.

Subject to the action of National Convention.

MORAL REFORMERS OF LOCO FOCOISM.

OUR moral reformers are to the condition of things in New Orleans, as applicable not only to every state, but to a certain extent, to the Union in general. With the last six years, an epoch which dates back to the commencement from General Jackson's time, in the political arena, the people have been more than ever divided and disgruntled. The departments of the government are no longer held by men of strict or even moderate virtue, nor are their duties as exacting and important, nor are their relations with the people so important.

The public mind has been greatly disengaged from the affairs of the country, and the people are under the impression that the changes in the opinions and conduct of the mass, official reformers, once so zealous, are in dispensable a qualification in the present position.
