YEW-ORLEANS BEE BULLITT BULLEN & MAGNE.

HENRY CLAY,
OF KENTUCKY

In the problem with how two equations the problem of the former of the fathern of the problem of

The same is such as to pre-inue the loca of meaning of the several insurance effices entired those in Mexico as in a state-bordering on starvation that they have not been paid for two years, and that owing to their unried and nearly maked condition they are asserted necessary only longer under the central leaders in Mexico proper, and much more to the order taken to the central leaders in Mexico proper, and much more to the order taken taken to the order taken taken to the order taken to the order taken to the order taken to the order taken take he large amounts the reach of possibility. These facts he has gathered from a sojourte in Mexico of some direction, under circumstances which make the exact condition of the government and prople a subject of anxious investigation to him. He for they have Fanny Wright, the great align apostic of the property of a confidential which that he has seen papers of a confidential which Rebert Date Oven, the reviter of religion, and which Rebert Date Oven, the reviter of religion, and whilst Rebert Date Oven, the reviter of religion, and dicate that the prospect of a negotiation between axion and Texas has become more favorable sincer reliabilities for the Texas manufact from Vera Cruz. The question, it seems to us, as to the invasion of xia, rests solely upon the ability of Manufacture. xas, rests solely upon the ability of Mexico to aim Nothing nauscates us like hypocresy. - Globe.

she deperture of the Teans and the control of the C

-an action wherein the truth of the writing eep, the law affords a circu restedy adequate to all the

They have the appearance of being a late

will be hardly enough funds to discharge the purest quality and inexhaustible in quantity. much less to squip an invacing army; and demands of the United States, together with

and an objection being made, that he was already the an electoral teach, a justice was read from him, gaining and an approval of the reference of the presidential noon instinct to anatomat convention, and declaring Heary vilay to be him first choice. This being satisfactory, and lay to be his arm choice a considered when the selected.

A state executive, and corresponding wearnities of 15 were then appointed, and the collection adjustrated and die.

We rejude at these proceedings. We do not extra

We rejoice at three proceedings. We do not expect the whigh of Papasiylvanal to carry the state, but we rejonce that they have cut lone from the selfish and onto implicite antinamous faction, and organized on grounds, upon which they may be proud to stand—enceborth antinamousy flows high specifical stone, and discourse it will soon sink flash, lists an againsquaper, into the stagmant pool from which it sight arose.

[From the N. Y. Journal of Commerce.]

The Wistate Flustay — By the following lettle it seems an important discovery has been made at the New Bedford custombouse. Ferty-may years ago the compartoller authorized the presides which has ever since prevailed. (Copy of a letter)

New Baneram, June 20, 1839.

Respected friends,—I have the pressure to informe, that we have at last found a those foun the sample of the transury, dated August 20, 17th, and the sample of the transury, dated August 20, 17th, and the sample of the transury dated and the sample of the transury.

been assured that the prospects of General recording in effecting the Texian loan or opinion is well founded, that the negalations for entring and licensing vocal-bars in feeting and licensing vocal-bars in feeting in the second of the seco
