THE MARKETS.

NEW-ORLEANS, MAY 20, 1840.

REMARKS.—The market, generally, has experienced very little change since our Saturday's report. Western produce continues dull, though the receipts of most articles, during the last few days, have been unusually light, and prices are tolerably well sustained. We have, therefore, but few alterations to make in our table of quotations. On Saturday and Sunday we had a high wind from the south-east, accompanied by showers in quick succession. Since then the weather has been clear and very warm.

COTTON—Arrived since the 15th instant, of Louisiana and Mississippi, 4781 bales—Tennessee and North Alabama, 324—Arkansas, 73—Mobile, 125—Texas, 173: together, 7084 bales Cleared in the same time, for Liverpool, 1885 bales—Glasgow, 1556—Havre, 4431—Marseilles, 1300—West-Indies, 2—Gal-New-York, 4—Boston, 82—Baltimore, 310—other ports, 13: together, 12229 bales; making a reduction in stock of 1336 bales, and leaving on hand, inclusive of all on shipboard not cleared on the 19th instant, a stock of 176,873 bales.

Since our review of Saturday morning last there has been only a moderate business doing in cotton, but the market has continued remarkably firm for every grade, and prices for the finer qualities have improved a quarter of a cent. The demand for some days past has been principally for clean showy cotton for the continental market, but there has also been a very active inquiry for strictly fine parcels, of superior staple, both for England and our manufacturers at the north. The market continues to be very poorly supplied with the better sorts, and the great demand for these has caused several lots to be resold, so that a portion of the business of the last three days consists of fine sea cottons—strictly fine parcels can scarcely be procured at all, and when offered, will command prices considerably above our highest quotation Holders are exceedingly firm for every description, and this owing mainly to the high rates which they are selling, that the business has not been larger. The sales of Saturday amounted to 3,000 bales, and on Monday and yesterday to about 2,000 each day; making in all 7,000 for the three days. We give particulars as follows, viz.—*Of Louisiana and Mississippi*, 44 bales at 6½—50 at 6¾—100 at 7—82 at 7⅛—160 at 6¾—75 at 10—123 at 7—78 at 7¼—21 at 11½—128 at 7—175 at 7¼—9 at 6⅝—176 at 6¾—446 at 6¾—long at 7¼@8½—156 at 7—50 at 7⅛—85 at 6⅝@6⅔—37 at 6¾—292 at 6¾—long at 7¼@8½—56 at 7⅛—71 at 9¾—268 at 8 @9—53 at 6—672 at 6¾—135 at 7¼—445 at 6¾—58 at 9¾—96 at 11½—200 at 7⅛—270 at 6¾—51 at 9¾—440 at 7⅜—[illegible]—56 at 7⅛—98 at 6¾—[illegible]

TOBACCO.—Since our report of Saturday morning there has been quite an animated demand for tobacco, and holders in many instances have been able to effect sales on rather better terms than they could have done previously, though we do not feel warranted in advancing our quotations beyond what they were before, as all the principal operations have been confined to first limits. The demand continues to be chiefly for the better qualities, and these are scarcely to be bought for with much avidity, as holders generally have determined to realize a good round price for what they have to offer.
