The non-reception of any later intelligence from Europe since the a pour nce of our last review, has continued to exercise an un avorable influence on our Cotton-market and we are again called upon to notice a limited business, amounting in all to 8,000 bales, of which 3,000 changed hands on Wednesday ; 4,000 ; yesterday ; and 100 to-day. The very indifferent state of the weather this morning has had the effect of curtailing operations. In prices we have no material change to not.ce, although g nerally speaking the late transactions have b en effected at a slight decline on previous rates, which is too trifling, however, to adi. it of any a teration in the figures. To-morrow's mail will no doubt place us in pos ession of the anxiously-expected accounts by the Halifax steamer and the general impression is, that they will be of a favorable nature. The following p rticulars embrace the principal sales since Tuesday :—81 bales Louisiana and Mississippi, at 8¾—71 at 9 —400 at 9¼—50 at 9⅜—100 at 9½—200 at 9⅝—70 at 9¾—73 at 9¾—50 at 10—200 at 10⅛—200 at 10⅜—75
