INDIANS PANACEA.

FOR the cure of scrofula or king's evil, incipient cancers, all painful affections of the bones, ulcerated throat and mouth, ulcers of every description, rheumatism, strains, white swellings, tetter worm, scald head, chronic sore eyes, and all cutaneous diseases, this extraordinary medicine has never been equalled. Its searching properties, when combined with the vegetable extracts and bracing tonic particles of sarsaparilla, seem to act like magic upon the system, purifying it from all those corrupt humors which undermine the constitution, and bring on the most excruciating diseases. Its influence on the kidneys and general debility, caused by a diseased state of the liver, is truly astonishing. Those obstinate cases in removing those constitutions which have been poisoned by mercury, will be found to exhaust all previous remedies. Cases of the most inveterate syphilis, which have been pronounced incurable by the most eminent physicians, are rendering under the various changes and symptoms to which it is subjected. To such this invaluable medicine is a perfect blessing. The proprietor of this valuable medicine acquired his knowledge of its ingredients from a long residence among the Indians, and has been induced to offer it to the public from the astonishing cures it has performed in his own family, after all other medicines which they were administered to had proved ineffectual. This is not offered as a common remedy, but as one that will cure, when all others fail. It is not a mineral preparation, but one which is capable of searching the most remote cause, which is the seat of some internal ulcer, and thus eradicate the disease at the fountain head, and from which time health is restored.

This medicine has been used highly successful in many cases, where the most powerful and skilful means had been used with wonderful success as a young and full panther, by those who have used it in the army and navy. While there is a certificate in regular investigating Wheeler never a diet Irish, necessary this Fathers taken in usual doses, will assure the most permanent in less time at less expense, and with a little more agreeable manner than the famous drug Sarsaparilla.

The following certificate is one of hundreds which might be produced, and it has been used with wonderful success as a young and full panther, by those who have used it in the army and navy. Case of Elevated Throat, Nashville, &c.

Chattahoo. Feb. 1841. This may certify that I was afflicted with a scrofulous disease for several years, during which time I experienced several eminent physicians, both in Philadelphia and Charleston, and thus took several bottles of Dr. Fauscet, but with no effect permanent benefit. During the last winter I was taken with an ulcerated throat, which soon became so severe as to prevent my taking out of bed, and was attended with a most distressing cough, several days, emaciated and threatened with absolute and immediate dissolution, when, as a last resort, I was induced to try Indian's Panacea, and found from its almost immediate relief, recovering so rapidly that in four weeks I found myself quite well, and have remained ever since.
