It strengthens efficacious in renovating those constitutions which have been broken down by injudicious treatment or by long residence in foreign climes. In general use, it is recommended in all those diseases with arise from impurities of the blood or vitiation of the humors, of a severe form or kind.

The proprietor of this valuable medicine acquired his knowledge of its ingredients from a long residence among the Indians of this country, and it is a selection from the most approved and successful medicines which they use. It is offered to the public by the proprietor, with the conviction that he is placing within their reach a remedy capable of relieving many of his afflicted fellow-beings, who are suffering under the various chronic and obstinate complaints to which it is applicable. To such it will prove a blessing, and in many cases, the only means of relieving their suffering, and restor ng them once more to health and happiness. This is conferred by experience, and the proprietor therefore be equally good with him as others now in use, but one which is capable of saving life in many extreme cases, when all the usual means have failed. It is perfectly safe, and this is the reputation it has obtained wherever it has been introduced.

This medicine has been found highly useful in many emergencies not here specified, and it has been used with wonderful success as a spring and fall purifier, by those who are subject to various complaints, and whose constitutions require occasional sporating. Whenever a diet drink is necessary this Panacea, taken in usual doses, will answer all the purposes in a less time, at less expense, and in a more agreeable manner than the common diet drink.

The following certificate, out of hundreds similar which might be produced, are given to show the effect of the Indian's Panacea, in the various complaints therein mentioned, and also to exhibit in the most satisfactory manner its superiority over other similar preparations:

Case of Ulcerated Throat, Nostrils, &c.

Charleston, Jan. 20, 1839.—This may certify, that I was afflicted with a scrofulous disease for several years, during which time I employed several eminent physicians, both in Philadelphia and Charleston, and also took a number of Swaim's and Townsend's sarsaparilla, without permanent benefit.—During the last winter I was taken with an ulcerated throat, which soon became so severe as to prevent my taking sufficient food to sustain life, remained in this situation several days, emaciated and threatened with absolute and unavoidable suffocation, when, by the advice of a counsellor to the Indian's Panacea, and found from it almost immediate relief, recovering so rapidly that in four weeks I found myself quite well, as I have remained ever since.
