COUGH REMEDY.—Pectoral Paste or Bergenstalk Drop of great Fame.—Of all the remedies now known for the cure of coughs, none has ever obtained so much celebrity as the Pectoral Paste, of Bergenstalk. The happy results obtained by its usage in the affections of the lungs and consumption, have rendered it immortal.

This paste has the power of calming irritations of the lungs almost instantly, facilitates the expectoration, and stops the cough. In one of the last remedies for colds and hoarseness, which yield immediately to its effects. Physicians of the best standing in Paris have tested its effects in many cases, and have even commended its use in all lung affections, as one of extraordinary value, the best remedy yet known.

The above remedy can be obtained at M. Martin's, Druggist, No. 171, Chartres st.

INDIAN'S PANACEA.

FOR the speedy cure of Syphilis, Scrofula, cancers, syphilitic and mercurial diseases, particularly ulcers and painful affections of the bones, ulcerated throat and mouth, ulcers of every description, obstinate sore eyes, or ophthalmia, chronic catarrh and headache, sore throat, scald head, scurvy, piles, chronic sore eyes, erysipelas, chronic or inveterate chronic catarrh and headache, pains in the joints, pain in the stomach and dyspepsia, proceeding from the vitiation, affections of the liver, inflammation of the kidneys and general debility, caused by the imprudent action of the mercury on the skin. It is singularly efficacious in those stinting tumors constitutions which have been broken down by injudicious treatment or juvenile irregularities. It is in fact a powerful remedy in all those diseases which arise from impurities of the blood, or vitiation of the humour, of whatever form or kind.

The proprietor of this valuable medicine acquired his knowledge of its ingredients from a long residence among the aborigines of this country, and it is a selection from that which proved and successful medicines which they are in. It is offered to the public by the proprietor, with the conviction ness that he is placing within their reach a remedy capable of relieving many of his afflicted fellow citizens who are suffering, under the various chronic and obstinate complaints to which it is applicable. To such it will prove the means, and in many cases, the only means of relieving their sufferings, and restoring them once more to health and happiness. This is not offered as a common remedy, but one which is capable of saving life in many extreme cases, when all the usual remedies fail. That it has done this, and can and will, is the reputation it has obtained wherever it has been introduced.

This medicine has been found highly useful in many analogous diseases not here specified, and it has been used with wonderful success as a spring and fall purifier, by those who are subject to various complaints, and whose constitutions require purifying. Whenever a diet drink is necessary, this Panacea, taken in usual doses, will answer all its purposes, seven not less time, at less expense, and in a far more agreeable manner than the common diet drink.

The full wing certificate, out of hundreds similar which have been received, is given to show the effect of the Indian's Panacea, in the various complaints therein mentioned, and also to exhibit in the most satisfactory manner its superiority over other similar preparations.

Case of Ulcerated Throat, Rheumatic, &c.

Charleston, S. C. Jan. 20, 1842.—This may certify that I was afflicted with a scrofulous disease for several years, during which time I employed several eminent physicians, both in Philadelphia and Charleston, and also took several bottles of Swain's Panacea, but all without permanent benefit.—During the last winter I was taken with an ulcerated throat which became so severe as to prevent my taking sufficient food to sustain life. I was confined to my room several days, emaciated and thin stented with absolute and unavoidable starvation, when, as a last resort, I had recourse to the Indian's Panacea, and found from it almost immediate relief, recovering so rapidly that in four weeks I found myself quite well, and have remained ever since.
