As a complete protection against mosquitoes from all winged insects, without causing the least incumbrance in a room, that tent will suit the most delicate to locate could possibly desire. It will give to the inhabitants of warm climates a comfort and luxury they never enjoyed before, as any other mosquito knowledge the tent is suspended from the ceiling of the room, like other tents, to pass other thing to which it may be desirable to fix it and may be turned or lowered at pleasure. It is so constructed that it can be instantly folded up into a bulk not larger than an umbrella and run up to the ceiling and be as much out of the way as a suspended lamp or chandelier would be, and this may be as quickly unfolded and prepared for use. The time required to form the tent or to take it up out of the way will not require more than one minute. It will be an ornament to a room instead of an unsightly incumbrance, and so simple in its construction that it cannot get out of order. It is intended to be used for sitting, reading, writing, dining and sleeping under, and to be used in evenings, counting wastes and others, and may be used by travellers, sportsmen or parties of pleasure, when in the woods. People would never know the comforts that may be had in sleeping in this warm and quite country until they try one of these newly invented tents. They may be had of various sizes and dimensions and of any desired richness in ornament.

Those may reside anywhere equal, or square and six feet 6 inches in diameter, 10 feet 6 inches long and when folded up will make a bulk of 18 inches long and 8 or 10 inches in diameter. The cost of one is only $30.

Those ladies should examine this new tent, especially as it will afford them many comforts hereto for unknown on account of the inconvenience of the ordinary modes of protection against insects. The new invention is really one of the most useful and comfortable contrivances of the day and must soon be used by every family either in the city or in the country.

The above description of the insect tent may appear extravagant and calculated to give a false estimate and coloring to the matter as too often the case with puffing and advertisements of new things, but the public may be assured that no such thing has been made in this article, of which people will be convinced by calling at 49 St. Charles street.

LIFE INSURANCE.

OCEAN INSURANCE COMPANY.—The absence of any institution in this city for insuring lives, and the extravagant rates of premium demanded by the southern and northern companies for granting life policies to persons residing in Louisiana, have induced the board of directors of this Company to take upon themselves the powers of their charter which authorizes insurance upon lives, on a scale of premiums which will enable every one who is in receipt of a moderate income to secure for those who are dependent on them a certain sum for provision in case of their death.

The scale determined on is, as nearly as possible, the average of those adopted by the London offices for insuring lives in England—in addition whatever may be the difference of climate, and by this scale an annual premium of twenty dollars paid by a person 25 years old will secure the payment of one thousand dollars at his decease should he die within the year—an annual premium of one hundred dollars will secure five thousand dollars—and so on in proportion for any larger amount.

The Company will issue policies for any term from one to seven years, and the premium can be paid quarterly, half yearly or yearly.

Any further information that may be required will be furnished on application to the office No. 49 Camp street, corner of Gravier street.

By order of the Board.

SALT HOUSE.

Cincinnati, corner Main and Sixth streets.

THE location of this house being central, half way between the river and canal, and on the highest street upon Main or Sixth, and convenient to all kindsof business, together with the late addition and improvements makes it now the most desirable hotel in the city for merchants and travellers in general. Rare not surpassed by any hotel in the city—will be moderate, similar to the terms. Feeling grateful for past favors, I hope by strict attention to the comfort of all who may call to merit a continuance of public favor so liberally given.

N. B.—A brick stable is attached to the house, and good hostlers in attendance.

Baggage taken to and from the river and canal free of charge when called for.
