FOR GOVERNOR,
HENRY JOHNSON.
NEW-ORLEANS:
MONDAY MORNING, JULY 21, 1841.

We have received a special express from Washington, which arrived in this city at 2 o'clock this morning. The express left Washington on Thursday last, at 12 o'clock, M., and reached this city in 86 hours, which takes place this day. The readers of the Bee may, therefore, be assured of receiving early and ample accounts of all that may transpire in that deeply interesting affair.

McLEOD.

The New York Herald of the 15th professes to have received intelligence by express from Washington of a highly important character, relative to the affair of McLeod. From this it appears that the opinion of the Supreme Court was received unofficially in Washington, in advance of the regular mail, and taken by him until the case goes through the courts of New York, when he will be released.

The Herald adds: "It is true that in certain contingencies, Mr. Fox was directed by his Government to demand his passports, but there is now no probability that these contingencies will ever happen. The first step taken by the British Government, and the letter of Mr. Fox, and the letter will demand no passports, but will be the cause of McLeod's trial, which will take place in a few weeks, in some other country than Niagara, probably in Ohio, where he now is.

We have no means of arriving at the exact truth of these statements, but think them not altogether improbable. That they are positive we do not believe.
