PLATINA CEMENT.

DR. ACHILLE LION, Dentist, of the Faculty of Paris and London, has asserted finally the use of his platina composition, which he applies with the utmost success in plugging decayed teeth, and eradicating tooth-ache. The cement is of a beautiful white color, resists fire, is metal, is incorruptible; it is used cold, almost in a liquid state, and speedily acquires the hardness and consistency of the enamel of the teeth when in their natural state. For many years, not only has a preservative of the tooth, but also to render extraction unnecessary.

DR. WRIGHT'S PERUVIAN HAIR OIL.

THIS justly celebrated liquid possesses the action all the powers of the hair which have become dormant through old age, sickness, or confinement; it stimulates the roots to throw out a healthy growth of hair, where the head has become bald; by promoting insensible perspiration the head is kept cool and moist, preventing dead scurf and dandruff from forming on the head. The use of this oil increases the vigor of the hair, by which it becomes a shade or two darker, and assumes a soft and silky appearance. For sale by
