INVALUABLE REMEDY FOR DISEASES OF THE CHEST.

TREBLE'S Expectorating and pate of Calve's Lights, by Degeneaux, Druggist and Chemist at Paris.

Of all the preparations intended to cure diseases of the chest, none has obtained so brilliant a success as the Pectoral Paste above indicated.

This Paste immediately removes all irritations of the breast, facilitates expectoration, instantaneously assuages paroxysms of coughing, saves a hanging cough. Catarrhs and inveterate cold yield immediately under its influence, in a word it is the most prompt and efficacious remedy for the acute and chronic affections of the chest and air passages.

Be cautious not to confound Degeneatis' Paste with the rest of imported Meds.

The Paste and Syrup of Calves Lights may be found at the Druggists in New Orleans. General depot for whole sale at J. Lerdo, No 240 Royal street, whose signature is affixed to every box.
