Galvanic Rings and Magnetic Fluid.

THE remarkable discovery which has attracted so much attention in Europe, and more recently in the United States, is now introduced for the first time to the citizens of New Orleans. It comprises an entirely safe and simple application of the Galvanic Power of Galvanism as a remedial agent. The Galvanic Rings in connection with the Magnetic Fluid have been used with the most perfect success in cases of RHEUMATISM, acute or chronic, applying to the head, face or limbs. *Gout, Tic-Doloureux, Toothache, Bronchitis, Vertigo, Nervous or Sick Headache, Indigestion, Paralysis, Palsy, Epilepsy, Fits Cramp, Palpitation of the Heart, Sprains, Stiffness of Joints, Spanish Complaints, Lumbago, Neuralgia, Nervous Tremors, Dizziness of the Head, Pains in the Chests and Sides, General Debility, Inflammation of Nerves and Physical Energy, and all Nervous Disorders.* In case of *Dyspepsia* which is simply a nervous derangement of the digestive organs, they have been found equally successful. The Rings are of different prices, being made of all sizes, and of various ornamental patterns, and can be worn by the most delicate female without the slightest inconvenience

The Galvanic Belts, Bands, Bracelets,

Are modifications of the invention, and are recommended in more extreme cases of disease, where the Rings do not possess sufficient intensity or power. They are adapted to the waist, arms, wrists, ancles, chest, or any part of the body with perfect ease. By Galvanic power that is required is thus obtained, and no complaint which the mysterious agent of Galvanism can affect, will fail to permanently relieved.

Dr. Christie's Magnetic Fluid,

Is used in connection with the Rings and their modifications. This composition has been pronounced by the French Chemists, to be one of the most valuable discoveries of modern science. It is believed to possess the remarkable power of *rendering the nerves sensitive to Galvanic action*, by this means causing a concentration of the influence at the seat of disease, and thus giving rapid and permanent relief.

Christie's Galvanic Strengthening Plaster.

These articles form an important addition to the Galvanic Rings, acting upon the same principle, but having the advantage of more local application. *It is an effectual means for Strengthening the system when debilitated by disease or other causes; as a certain aid in constitutional roughness; in a preventive for colds, and in all affections of the chest generally,* the GALVANIC STRENGTHENING PLASTER will be found of great and permanent advantage.

Numerous certificates and testimonials from many highly distinguished physicians and others of the South have been received by the Proprietor. These are all from persons of the highest respectability and may be seen on application to the Agent.

The public are respectfully warned against SPURIOUS IMITATIONS of these articles. Dr. CHRISTIE has but one Authorized Agent in each city in the Union, GUION & Co., corner of St. Charles and Canal streets, are the sole Agents for New Orleans, of whom alone the genuine articles can be obtained. m1—1m

TARRANT'S EFFERVESCENT SELTZER APERIENT.—The unrivalled reputation which this agreeable preparation enjoys, sanctioned by the most distinguished of the medical faculty, is the surest guarantee of its efficacy, and is conclusive evidence over introduced, and eminently worthy the patronage of our citizens.

This preparation possesses all the active medicinal properties of the famed "Seltzer Spring" of Germany, with such additions and improvements, greatly increasing its beneficial effects—retains all the sparkling effervescence of a glass of soda water—exerts over the system a healthy action, and thus invariably proves its great efficacy and success. A teaspoon full of this Aperient, in a tumbler of water, before breakfast, will generally be found sufficient in all cases of pains in the head, excess of bile and acidity of the stomach. Taken in this manner it never interferes with the avocations of the day, and invariably creates an elasticity of mind and flow of spirits which gives a zest to every enjoyment. In dyspepsia or indigestion, irritability of the stomach or occasional fastidiousness, a speedy removal of the unpleasant symptoms being requisite, the use of this preparation, in a sufficient quantity, is recommended, to induce a full evacuation of the bowels thereby affording immediate relief; the unpleasant feeling is removed, the irritability of the stomach soothed, whilst the appetite again resumes its former healthy state.

The energies of that important organ, the liver, may be effectually restored when in a torpid state, or when there is not a due secretion of bile, by the use, a short period, of a tea spoonful of this Aperient, taken in the morning on rising.

All febrile symptoms will be allayed by taking a teaspoonful occasionally during the day, and being peculiarly grateful to the stomach, forms a delightful effervescent draught.

Captains of vessels would find this preparation a very desirable medicine for family use at home or when traveling. Its agreeable flavor, its life, its medicinal virtues and portability, its neatness of preparation and simplicity in using, renders it far superior to any other ever offered to the public.

TESTIMONIALS.

FROM M. PRICE MOORE, M. D.

"I have used your Effervescent Seltzer Aperient in several cases, with very happy results. As a mild Aperient, it has advantage over all other Aperients, particularly in cases of great debility where it is important to save the vital energies of the patient. It can be made a pleasant drink, and given in such doses as to obtain the object in view. As a family medicine, I think very highly of it; and as such, can be freely used during the summer months."

(Signed) M. PRICE MOORE, M. D.
To Mr James Tarrant. No 89 Hudson st.
New York, Nov 18, 1844.

FROM JAMES TRUDEAU, M. D.

"I have often prescribed your Effervescent Seltzer Aperient in the City of New Orleans, and have always been pleased with its operation. It is, in my opinion, a pleasant, safe and mild laxative, calculated to please the most fastidious. To persons residing in warm climates, where a congested state of the liver is a frequent cause of disease, it is a most valuable medicine."
