INSTITUTIONS.

MASONIC COLLEGE,
Established by, and under the patronage of the Grand Lodge of Kentucky.

THIS flourishing Institution, possessing full Collegiate powers, offers peculiar inducements to Southern parents and guardians. Its location is at one of the most beautiful points in Kentucky—*La Grange*, the County Seat of Oldham Co.—35 miles from Louisville, 18 from Shelbyville, 30 from Frankfort, and 8 from Westport, on the Louisville and Frankfort Railroad, in which the students mingle, is highly moral, intelligent, and refined; the town containing about 300 inhabitants, free from vicious associations, or contaminating influence. The *Course of Study* is full, embracing Mathematic, ancient and modern Languages, Natural and Moral Science. The Faculty consists of the President, who is also Professor of Mental and Moral Science, a Professor of Mathematics, one of Languages, and a Teacher of the Preparatory Department. The high reputation so deservedly enjoyed by the President, and the zeal and fidelity heretofore exhibited by the other members of the Faculty, who are graduates of the best Colleges in the land, afford a sure guaranty of their future success.—The *terms of tuition* are extremely low, viz:

In the *Preparatory Department*, per year	$12.
In the *College Proper* per year	20.
Boarding, washing, &c., per week, 1 50 to	75.

Scholarships may be had on the following terms:—$80 for 5 years tuition—$100 for 10 years—$200 for a perpetual scholarship—in each case, the amounts to be paid in advance. On this plan, the whole expenses for tuition, boarding, lodgings, washing, fuel, and lights will not exceed $76, per pupil per scholastic year of ten months.
For further particulars address

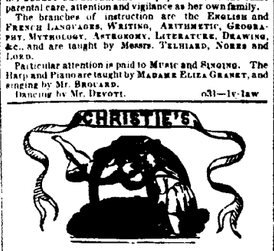
ORLEANS HIGH SCHOOL.
(Lycee d'Orleans.)

THE Directors of the Institution, Messrs EVERETT, WYNDHAM and DERVOYER, having unreservedly acted up to their original plan, as laid down in the Statutes, have succeeded in giving the High School a rank among the best educational establishments in the South.
The seat of the Institution is in a part of the city ever noted for its salubrity. The buildings and premises are admirably adapted to the purposes of a large School.
The system of Education embraces the Grammar and the Literature of the Greek, Latin, French and Spanish Languages, Rhetoric, Poetry and History, Philosophy, the use of the Globes, Book-keeping, Arithmetic, Algebra, Geometry, Plane and Spherical Trigonometry, Surveying, Natural Philosophy, Moral Philosophy, &c.
The various branches of knowledge are taught by the Directors, Messrs EVERETT, WYNDHAM and DERVOYER, assisted by Assistant Instructors, selected for their eminent skill in the business of Teaching.
The Directors also employ two gentlemen, who enforce correctness of Department whenever the pupils are not in a recitation room under the eye of an Instructor.
The Institution receives Boarders, Half-Boarders, and Day-Scholars. The price of Boarders (washing included,) and Partition in all or any of the branches is twenty dollars per month. The price of Half-Board is $15 per month.—The price paid by Day-Scholars is six, nine, or twelve dollars, according to the knowledge previously acquired.
No interference whatsoever in the internal discipline of the School will be suffered.
The STATUTES, containing all information respecting the School, may be had in the English or in the French language at the principal Book-stores in the City. mh9

REMOVAL.
DAY & BOARDING SCHOOL FOR YOUNG LADIES,
Conducted by Madame Granet.

MADAME GRANET has the honor to inform the Parents of her Pupils and the public that her institution will be removed on the 15th of November next, from No 30 Bourbon street to No 86 Customhouse street, between Royal and Bourbon streets.
The new residence is better adapted for an institution for Young Ladies than the one she is leaving. The apartments are spacious and airy, and well suited for dormitories, class rooms, &c.
The yard for recreation is also large and entirely enclosed from all exterior communication.
MADAME GRANET is seconded in her arduous duties by her eldest DAUGHTER, and the pupils receive the same parental care, attention and vigilance as her own family.
The branches of instruction are the ENGLISH and FRENCH LANGUAGES, WRITING, ARITHMETIC, GEOGRAPHY, MYTHOLOGY, ASTRONOMY, LITERATURE, DRAWING, &c., and are taught by Messrs. TELHIARD, NORES and Son.
Particular attention is paid to MUSIC and SINGING. The Harp and Pianoforte taught by MADAME ELIZA GRANET, and sinking by Mr. BROUARD.
Dancing by Mr. DEVOTI. o31—1y-law



Galvanic Rings and Magnetic Fluid.

THIS remarkable discovery which has attracted so much attention in Europe and recently in the Northern States, is now introduced for the first time to the citizens of New Orleans. It comprises an entirely safe and simple application of the Mysterious Power of Galvanism as a remedial agent. The GALVANIC RINGS in connection with the MAGNETIC FLUID have been used with the most perfect success in all cases of RHEUMATISM, acute or chronic, applying to the head, face or limbs; *Gout, Tic-Douleux, Toothache, Bronchitis, Vertigo, Nervous or Sick Headache, Indigestion, Paralysis, Palsy, Epilepsy, Fits Cramp, Inflammation of the Heart, Apoplexy, Stiffness of Joints, Spanish Complaints, Lumbago, Neuralgia, Nervous Tremors, Dizziness of the Head, Pains in the Chests and Sides, General Debility, Dyspepsia, Nervous and Pulmonary Affections, and all Nervous Disorders.* Incases of *Dyspepsia* which is simply a nervous derangement of the digestive organs, they have been found equally successful. The GALVANIC RINGS are of different prices, being made of all sizes, and of various ornamental patterns, and can be worn by the most delicate female without the slightest inconvenience

The Galvanic Belts, Bands, Bracelets,

Are modifications of the invention, and are recommended in more chronic cases of disease, where the Rings do not possess sufficient intensity or power. They are adapted to the waist, arms, wrists, ancles, chest, or any part of the body with perfect ease. Any Galvanic power that is required can thus be obtained, and no complaint which the Galvanism can effect, will fail to

TARRANT'S EFFERVESCENT SELTZER APERIENT.—The unrivalled reputation which this agreeable preparation enjoys, sanctioned by the most distinguished of the medical faculty, is the surest guarantee of its efficacy, and is conclusive evidence that it will prove one of the most deserving medicines ever introduced, and eminently worthy the patronage of our citizens.
This preparation possesses all the active medicinal properties of the famed "Seltzer Spring" of Germany, with such valuable additions and improvements, greatly increasing its beneficial effects—retains all the sparkling effervescence of a glass of soda water—exerts over the system a healthy action, and thus invariably proves a prompt relief and sure success. A teaspoon full of this Aperient, in a tumbler of water, before breakfast, will generally be found sufficient; in all cases of pains in the head, excess of bile and acidity of the stomach. Taken in this manner it never interferes with the avocations of the day, and invariably creates an elasticity of mind and flow of spirits which gives a tone to every enjoyment. In dyspepsia or indigestion irritability of the stomach or occasional flatulency, it speedy removal of the unpleasant symptoms being invariably the result of this preparation, in a sudden irritability, is recommended, to induce a full evacuation of the bowels, thereby affording immediate relief; the unpleasant feeling is removed, the irritability of the stomach soothed, whilst the appetite again resumes its former healthy state.
The energies of that important organ, the liver, may be effectually restored when in a torpid state, or when there is not a due secretion of bile, by the use, for a short period, of a teaspoonful of this Aperient, taken in the morning on rising.
All febrile symptoms will be allayed by taking a tea spoonful occasionally during the day, and being peculiarly grateful to the stomach, forms a delightful effervescent draught.
Captains of vessels would find this preparation a very desirable medicine for family use at home or when traveling. Its agreeable flavor, its pile, its medicinal virtues and portability, greatness of preparation and simplicity in using, renders it far superior to any other ever offered to the public.

TESTIMONIALS.

FROM M. PRICE MOORE, M. D.

"I have used your Effervescent Seltzer Aperient in several cases, with very happy results. As a mild Aperient, it has advantage over all other Aperients, particularly in cases of great debility where it is important to save the strength of the patient. It has been made a pleasant drink, and given in such doses as to obtain the object in view. As a family medicine, I think very highly of it; and as such, can be freely used during the summer months."

(Signed) M PRICE MOORE, M. D.
To Mr James Tarrant, No 60 Hudson st.
New York, Nov 28, 1844.

FROM JAMES TRUDEAU, M. D.

"I have often prescribed your Effervescent Seltzer Aperient in this city, and have always been pleased with its operation. It is, in my opinion, a pleasant, safe and mild laxative calculated to please the most fastidious. To persons residing in warm climates, where a congested state of the liver is a frequent cause of disease, it is a most valuable medicine."

(Signed) JAMES TRUDEAU, M. D.
To Mr James Tarrant, No 308 Broadway,
New York, Nov. 19, 1844.

SANDS' SARSAPARILLA

FOR THE REMOVAL AND PERMANENT CURE OF DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM, viz:

Scrofula, or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples, or Pustules on the Face, Blotches, Biles, Cronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Sciatica, or Lumbago, and Diseases arising from an injudicious use of Mercury, Ascites, or Dropsy, Exposure or Imprudence in Life. Also, Chronic Constitutional Disorders will be removed by this Preparation.
This medicine has in many thousand instances brought health and returning vigor to the weak and languid frame. Its operation extends itself to the inmost tissues of the general system, and consists in removing diseased action in the absorbing and secreting vessels.
The blood contains the elements of the whole animal structure—flesh and fibre, glands, muscles, tendons, the nails, the hair, and even the bones themselves, are all sustained by the blood. Well, then, may it be called the stream of life. In proportion to the purity of the blood is the best of the substance into which it is continually changing. Corrupt blood instead of producing healthy flesh, is likely enough to develop sores and ulcers. All these appear, whether in the specific form of scrofula, in all its mutifform and disgusting shapes, or eruptions in all their disfiguring variety, rheumatism, bilious disorders, general relaxation and debility, and a host of complaints arising from disordered secretions, there is no detergent, it is believed, that will so rapidly neutralize the virus in the blood from which they spring and effect a radical cure, as this preparation.
The following is an extract from a letter just received from Miss. Being so, who had been afflicted for several years with Scrofulous Ulcers, Dyspepsia, &c., and recently with an affection of the Throat and Chest:

RAILSTOWN, Va. Dec. 18th, 1845.

Messrs A. B. & D. Sands—Before I commenced using your Sarsaparilla my sufferings were almost past expression. My throat was so completely ulcerated, and a dreadful cough, and there were frequently weeks together that I could not speak above a whisper; and besides the inflammation from my throat extended into my head, so that my hearing was very much impaired. Now, after using Sarsaparilla a short time my health improved and my throat is now well. I am free from cough and tightness of the chest as I ever was, and can hear quite distinctly. My throat has been well about three months, the cure of which has been effected entirely by the use of your Sarsaparilla. Your friend,
LOUISA B BEVAN.

WINSTER, Coun, Aug 5, 1845.

A. B. & D. Sands—Gentlemen: About six weeks since I commenced taking your Sarsaparilla, and was then suffering from scrofula in its most virulent form. I had nine running sores, and had been for a long time very feeble, and the disease caused such intense pain in the head, that three physicians told me I could not live—that there was no help for me.
I informed them there was one medicine would help me, and that was Sands' Sarsaparilla. My physician seeing my confidence was so great, sent me a certificate, and I commenced taking the Sarsaparilla. Its use produced immediate relief; my head is now well, and my arm, which had been useless, I can now use with, and my health is rapidly improving. Many people hearing of my case, have come some six and nine miles to see me; and some have taken the Sarsaparilla after witnessing its wonderful operation on me. One lady told me that it was doing a great thing for her; and there are three or four in this place that are taking it, and our merchants find a very ready sale for Sands' Sarsaparilla.
Yours, most respectfully,
CORDELIA CADY

For further particulars and conclusive evidence of the superior value and efficacy, see pamphlets, which may be obtained of agents gratis.
Prepared and sold, wholesale and retail, by A. B. & D SANDS, Wholesale Druggists, 79 Fulton street, New York. Sold also by Beckles & Co., 32 Magazine and 46 Canal sts; A. Oliver & co. and L. J. MESSRS. F. MIANCAMP and CHARLES LE LION, Surgeon Dentists of the University of Paris and New Orleans, have the honor to inform their patients, that after the 1st of June, they have united their offices at No. 46 Royal street, between Bienville and Customhouse (residence of Dr. Lion.)
The engagements they are under towards various institutions and the calls of their patients in the city, will not allow them to be absent themselves many days in the course of the month. They have, therefore deemed it expedient to unite, in order that no delay may occur in accounts as on account of their numerous Clients, in order that one of the two may be always in town, ready to receive all persons who may honor them with a call for advice. The superiority of their work, and the care and promptitude exhibited by them, induce them to hope for a continuance of the patronage of the public.
