Galvanic Rings, Belts, Bands, and Magnetic Fluid.

THE proofs of the wonderful power of these articles are every where numerous, and are daily accumulating. It is believed that in the city of New York alone, upwards of EIGHT THOUSAND PERSONS, during a period of less than a year, have been entirely relieved of the most pain ful chronic disorders, some of which have completely baffled all former efforts of medical art. The following certificates from highly respectable persons are selected from many now in possession of the subscriber.

EPILEPSY AND PALPITATION OF THE HEART.

☞ Rev. John Bristed, son-in law of Mr. John Jacob Astor, of New York, Minister of the Episcopal Church at Bristol, R I, residing in Main street, has long been subject to distressing attacks of Epilepsy, often falling down insensible. The disease has been accompanied with violent Palpitation of the Heart and a rush of blood to the head. For three years he has been unable to preach or attend to his other duties. Mr. Bristed has found the most valuable benefit from the Rings, Bands and Fluid, is better in every respect since he has been since his illness, and is now rapidly recovering his health. All symptoms of Epilepsy have left him.

RHEUMATIC GOUT.

To Dr. Christie:—Sir—After a fair trial of almost everything without any good effect, I think I must attribute a remarkable cure to the power of your Galvanic and Magnetic activities. If I am not mistaken in the cause, they have very seriously relieved me of Rheumatic Gout, of long standing, together with general nervous debility of the system.
MRS. MARY JACKSON.

☞ Mrs. Jackson is a relative of Major M. M. Noah, who certifies to the truth of the foregoing statement.

APOPLEXY AND PARALYSIS.

Captain Andrew J. F. Tomes, residing at No. 70 Bridge street, Brooklyn, L. I, is in his 70th year. He has been fairly cured reduced health, between 2 years since it began to fail. He was of very recovering, under the prescriptions of Dr. John W. Francis, when he suddenly fell down insensible in the street, under a severe Apoplectic fit. On recovery he noticed that a portion of his side was apparently dead; and on further examination his physicians pronounced his case to be that of combined Apoplexy and Paralysis. The family of Capt. Tomes were induced to try the Galvanic Rings and Magnetic Fluid, and for this purpose procured a pair of the Rings for the hands, a pair of Bands for the limbs, and one bottle of the Fluid. In a few days after using these articles feeling was perceptible in the paralyzed parts, and perspiration broke out. *In five days he was enabled to raise his arm and use his fingers; in three weeks he was enabled to walk alone.* A period of nearly six months has now elapsed, during which time no symptom of Apoplexy has been apparent, he is enabled to take regular exercise and all his impaired faculties have been restored.

☞ The public are respectfully cautioned to beware of spurious imitations of these articles. Dr. Christie has but one authorized Agent in each city of the Union, and the Rings, Bands and Fluid, in packages of a dozen, are the sole Agents for New Orleans, of whom alone the genuine articles can be obtained.

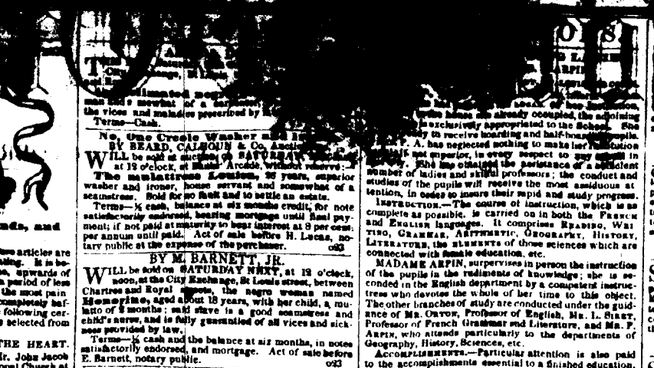
s15—tf LEONARD JEANNEST, 20 St Louis st



Fifth Ward Hotel, Exchange Place, New Orleans.

THE undersigned have already completed the refitting of the above house, and have exclusively appropriated to the School. She is now ready to receive boarding and half-boarding pupils. Her location is pleasant, and her accommodations for health not superior, in every respect to any situated in the city. With the additional assistance of a talented corps of Collegiate gentlemen, the conduct and studies of the pupils will receive the most assiduous attention. In order to insure their rapid and study progress.

The grounds in front of the house, and those which form the basis of the ends of the building, will be carried on in both the French and English languages. It comprises Reading, Writing, Grammar, Arithmetic, Geography, History, Literature, the elements of those sciences which are connected with female education, etc.

MADAME ARPIN, supervises in person the instruction of the pupils in the rudiments of the knowledge; she is seconded in the English department by a competent gentlewoman who devotes the whole of her time to this object. The other branches of study are conducted under the guidance of Mr. Owyon, Professor of English, Mr. L. Burt, Professor of French Grammar and Literature, and Mr. P. Arpin, who attends particularly to the departments of Geography, History, Sciences, etc.

ACCOMPLISHMENTS.—Particular attention is also paid to the accomplishments essential to a finished education. Instruction on the Piano is given by Mme. F. Boyer, whose experience and success in teaching are fully appreciated by parents. The Harp is taught by Mme. P. Lavis Arbeyer.

Instruction in singing by M. Brocard, and drawing by M. Jacob.

Dancing will be taught by a competent professor.

Embroidery and other needle work are also required under the personal superintendence of Mme. Arpin.

DISCIPLINE.—During school hours, a mild and active discipline is constantly exercised over the children by the Directress, aided by the efficient cooperation of two assistants. The pupils are subjected to the vigilant supervision of those ladies who will employ every means to improve their morals and correct their demeanor. In short no labor is spared to render the pupils and particularly to the boarding scholars, a solid and well grounded education.

N. B.—Young Ladies who are not regular pupils, may join in the Classical Literature, History and Science, conducted by Mrs. Arpin. This department will embrace all the branches of knowledge which constitute a good education.

MASONIC COLLEGE OF KENTUCKY.

THE Scholastic Institution of this name, a description of its catalogue for the Second Collegiate Year, just terminated, over *Two Hundred Students, from nine different States of the Union,* is now fully organized in the new building at the corner of Royal and Hospital streets. It is hoped, with some confidence, that the commodious and extensive arrangements for the better accommodation of the pupils, will meet with the approbation of the patrons of the Institution, and of others who may have youths under their charge.

The great object to be attained in school education is the acquiring of habits of untiring industry and indomitable perseverance, the course of exercises, through which pupils are led in order to attain to this great, if judiciously directed, leaving him of necessity in possession of every other desired attainment.

The preparatory studies lead from the basis of the mode of instruction, pursued in the English High School.

The course of studies comprises the English, French, Spanish, Latin and Greek languages: Arithmetic, Algebra, Geometry, Trigonometry, Mensuration and Surveying, Algebra to Geometry and Differential and Integral calculus; Astronomy and Chemistry, History and Geography; Book keeping; Drawing and painting; Vocal and Instrumental Music.

There are seven Professors attached to the School, who give daily lessons in their respective departments.

Parents and Guardians are hereby informed that no interference whatsoever in the Regulations and internal discipline will be suffered.

The Institution receives boarders half-boarders and day scholars. The boarding pupils reside in the family of Mr. Rhein, and will be under the immediate care of himself and the ladies attached to the household.
