was not worth reading.

The Sea Lions, by James F. Cooper. In this work Mr. Cooper, with characteristic degma-tiem, has contrived to unite to an interesting fiction, a theological treatise upon Unitarianism. and a disquisition on the miss English words by Americans. Bating these episodical portions, the book is clever and en-

Phorography.—Such improvements have recently been made in Photography in Europe that it is expected that the natural colors of objects may yet be produced by the san's rays upon paper. In Philadelphia, also, Mr. Lain, genheim hab so improved upon an English gentleman's plan (Mr. Tsibot) of taking degurrectypes upon paper, that it is now done with an accuracy that is surprising, in about a minute's time. Any subsequent number may be taken without any sitting at all, and may be colored like water color painting. like water color painting.

A Boston notion,-The Bostonians talk of presenting a frame school house to the Califernian. This must be with an eye to the future,
