OLD DR. JACOB TOWNSEND.

GENUINE TOWNSEND SARSAPARILLA.

Old Dr. Townsend is now about 70 years of age and has long been known as the author and discoverer of the genuine original "TOWNSEND'S SARSAPARILLA." Being poor he was compelled to limit its manufacture, by which means it has been kept out of market and the sales circumscribed to those only who have proved its worth and known its value. It had reached the era of many, never theless, as those persons had by them healed of sore diseases, and saved from death, proclaimed its excellence and wonderful

Healing Power.

This sarsaparilla, it is improves with age, and never changes, but for the better; because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the old Dr.'s Sarsaparilla. The Sarsaparilla root, it is well known to medical men, contains many medical properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so volatile that they fly off in evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover, those volatile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which go to it all its value.

Genuine Old Dr. Jacob Townsend's Sarsaparilla

is so prepared that all the inert properties of the Sarsaparilla root are preserved, every thing capable of becoming acid or of fermentation, is extracted or rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is the most powerful agent in the

Cure of Innumerable Diseases

Hence the reason why we hear commendations on every hand, from old men, women and children, we find it doing wonders in the cure of

☞ Consumption, Dyspepsia, and Liver Complaint, and in rheumatism, Scrofula, Piles, Cutaneous, all Cutaneous Eruptions, Fever Sores, Blotches, and all affections arising from impurity of the blood. It is unquestionably the most efficacy in all complaints arising from indigestion, from acidity of the stomach, from unequal circulation, determination of the blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in Colds and Coughs; and promotes easy expectoration and gentle perspiration; relaxing stricture of the lungs, throat, and every other part

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages

Of Female Complaints.

It works wonders in cases of Fluor Albus or Whites, Falling of the Womb, Obstructed, Suppressed or Painful Menses, Irregularity of the menstrual periods, and the like; and is as effectual in curing all the forms of Kidney Disease.

By removing obstructions and regulating the general system, it gives tone and strength to the whole body, and thus cures all forms of

Nervous Diseases and Debility.

and thus prevents or relieves a great variety of other maladies, as Spinal Irritation, Neuralgia, St. Vitus's Dance, Swooning, Epileptic Fits, Convulsions, &c.

It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the tendency of torpor and constipation, allays inflammation, purifies the skin, equalizes the circulation of the blood, producing gentle warmth equally over the whole body, and the insensible perspiration, relaxes all stricture and tightness, promotes all the functions, and invigorates the entire nervous system. In a word, then, the

Medicine you prominently Need?

But can any of these things be said of S. P. Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR.'S

Because of one GRAND FACT, that the one is IN CAPABLE OF DETERIORATION, and

NEVER SPOILS.

While the other DOES; Souring, Fermenting, and blowing in the bottles containing it into fragments; the sour, acid liquid exploding and damaging other goods. Must not this horrible compound be poison to the human system?—What need to add into a system already diseased with acid? What causes Rheumatism but acid? Do we not all know that when food enters our stomachs it produces the

Most distressing Heartburn, Flatulence, heartburn, palpitation of the heart, Dyspepsia, Cholic, complaint, diarrhœa, dysentery, chole, and corruption of the blood? What causes Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Erysipelas, White Swellings, Fever Sores, and all ulcerations internal and external? It is nothing under heaven, but an acid substance, which, by souring, and thus spoils, all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid, which insinuates itself between the joints and other parts, irritating and inflaming the delicate tissues upon which it acts? What of nervous diseases, of impurity of the blood, of deranged circulation—nearly all the ailments which afflict human nature.

Now, is it not horrible to make and sell, and indirectly more to use this

Souring, Fermenting Acid "Compound" of S. P. Townsend.

and yet he would have you believe that that old Dr. Jacob Townsend's Genuine Original Sarsaparilla, is an IMITATION of his inferior preparation!!

Heaven forbid that we should deal in an article which would soon be the ruin of the public health. Let the public beware of that which only brings down upon the head of such a mountain load of compassion. Let the public from Agents who have such a nauseous, sickening, sour stuff as S. P. Town send's FERMENTING COMPOUND.

We wish it understood, because it is the absolute truth, that Townsend's Sarsaparilla and Old Dr. Jacob Townsend's Sarsaparilla are leagues apart, and in reality does not have any thing in common.

AS S. P. Townsend is no doctor, and never was in the regular practice of medicine, knows no more of medicine or disease than any other common, unprofessional man, what guarantee can the public have that he is capable of receiving a genuine scientific medicine, containing all the medicinal properties of articles used in preparing it, and which are incapable of souring, which might render them the

AGENTS of disease instead of health?

It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle a hope in the despairing bosom, to restore the sick and healthful vigor into the crushed and broken, and to banish infirmity, that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy

within the reach, and to the knowledge of all who need it, that they may learn and know, by joyful experience, its

Transcendent Power to Heal.

Prospectus of the Republic.
THE undersigned will on the 15th day of January, 1849, issue the first publication in the city of Washington, of a daily Whig Administration paper, to be called *The Republic*, the editorial supervision and management of which will be committed to the exclusive care of ALEXANDER C. BULLITT and JOHN O. PLEASANT.
The Republic will give to the principles upon which the administration of Gen. Taylor came into power a cordial, zealous and constant support. It will be a faithful record of the times; it will discuss public measures in an impartial and independent spirit; it will be a vehicle of the latest and most authentic information; it will be in a word, a political newspaper, devoted to the liberalizing and progressive doctrines which prevailed in the late Presidential canvass; to the interests of LABOR, as developed in the wants of agriculture, commerce, manufactures, and in the cause of literature, science and intelligence.
The Republic will acknowledge no allegiance except to the country. It will aim to merit the confidence and support of the American people. It will be the organ of no person, or party, or faction, but will endeavor to promote such measures as it may believe will result in the greatest good to the greatest number.
The Republic will be printed upon a double royal sheet, a new, large, clear, readable type.
