Congress.

In the SENATE, on the 8th, Mr. Foote submitted a resolution that the resolutions heretofore submitted by Mr. Bell be referred to a committee of thirteen members—six to be chosen from the Northern and six from the Southern States, and the thirteenth to be chosen by the other twelve.

Mr. Clayton objected to the consideration of the resolution.

Mr. Foote said that the object of his motion was that the resolutions indicated be taken up for consideration.

Mr. Baldwin said that the resolutions mentioned, if taken up, would lead to a protracted discussion; the Senator from Wisconsin was too far off the floor, and should not be further delayed.

Mr. Foote said that he would withdraw the motion for the present, notifying the Senate that he would press the motion after the conclusion of the Senator from Wisconsin's remarks.

Mr. Cass presented the joint resolution of the State of Michigan, instructing the Senators from that State to vote for the immediate admission of California as a State of the Union.

Mr. Walker, of Wisconsin, resumed and concluded his speech, and an incidental discussion sprung up between Messrs. Walker, Davis, of Mass., Baldwin and Badger, at the termination of which the Senate adjourned.

In the House private bills were considered.

MISSISSIPPI.—The Mississippi Pioneer says, that a question is to be whether it would make a profitable investment for the Mississippi river, with a supply of snag boats and steamers, under the direction of the U. S. Engineers, who is authorized by law to remove the snags from the river, and to keep it free from obstructions. [illegible]

LOUISIANA.—We learn, says the Vicksburg Whig, that a company has been chartered by the Legislature of Louisiana, with a capital of $1,000,000, for the purpose of [illegible] Lake Providence, in that State, to the Mississippi river. [illegible]
