Mr. Gardere called up the act creating the office of Harbor Master for the port of Lafayette.

Mr. Gardere offered a substitute for the bill, which substitute prescribed that the harbor master shall be elected by the qualified voters.

Mr. Ricker observed that the office in New Orleans was not made elective by the people, but that it is filled by the appointment of the Governor, by and with the advice and consent of the Senate. It was better to have uniformity as to the appointment.

Mr. Gardere was in favor of leaving the choice with the people. He was in favor of it not in theory alone, but in practice. He hoped the Senate would sustain the principle. He would call for the yeas and nays upon the 17 ayes, 1 nay. The substitute was adopted and passed.

Mr. Key advocated the passage of the bill.

Mr. Swayze opposed it, contending that it involved a similar principle to that of the bill providing for the erection of school houses in the Second Municipality of the City of New Orleans, which debated, the Senate had refused to grant.

Mr. Peck said he fully concurred in the position taken by the Senator from St. Landry (Mr. Swayze) and would further remark, that he was done so before in giving these institutions by legislative targets. The experiment had been tried and has not to say it failed. There was a success depended on their own merits, and not on State contributions.

Mr. Key replied in defence of the bill.

The yeas and nays were called on the adoption—8 ayes, 12 nays.

Mr. Cole opposed the motion to refer, which motion was lost—the bill was adopted, and finally passed.

On motion of Mr. Sigur, the Senate took up the act to protect the cities of New Orleans, Lafayette and Freeport from inundation.

Mr. Swayze moved to refer said bill to the Committee on Internal Improvements.

Mr. Tarman moved that said bill be referred to the Committee on Internal Improvements.

Mr. B. laborieux objected to the reference, as occasioning delay and being unnecessary, as the bill be considered, was based on a just claim, upon which the Senate could at once determine. He advocated the bill at some length—insisted upon the necessity of making the levee for the protection of the adjacent Parishes.

Mr. Gardere explained that there were no front proprietors. This levee had been kept up by the present government before the transfer of Louisiana to the United States, and is now by the State government.

Mr. Adams offered a substitute for the bill.

Whereupon a motion was made to adjourn until Monday morning, which motion was negatived on a call for the ayes and nays—6 ayes, 19 nays.

Mr. Butler moved a recess until this evening at 5 o'clock, P. M.

Mr. Adams said, that at the solicitation of the friends of the bill, he had consented to withdraw the substitute. He regretted that the substitute did not meet their views, as it placed him under the necessity of voting against the first section of the bill.

On motion of Mr. Boudousquie, the first section of the bill was adopted.

Mr. Boudousquie moved for the adoption of the 2d section.

Mr. Haralson called for the ayes and nays on this motion—13 ayes, 13 nays.

Mr. Moore offered Mr. Adams' substitute, which is as follows, to become the 2d section of the bill in lieu of the original section:
