MEDICAL.

Professor A. C. Barry's
TRICOPHEROUS, OR MEDICATED COMPOUND, FOR RESTORING, PRESERVING, AND BEAUTIFYING THE HAIR, eradicating scurf and dandruff, and curing diseases of the skin, glands and muscles, stings, cuts, bruises, sprains, &c. &c. It has been ascertained by experiment that Barry's Tricopherous has produced the same effect in curing diseases of the skin, of the horse and all the animal kingdom. The following testimonials, selected from hundreds of similar import, will serve to show the value of the preparation, and its estimation in which it is held by those who have given it a trial:

New York, Sept. 22, 1850.

PROF. BARRY—Dear Sir:—About two years ago my hair came out a great deal, and my head was much affected with dandruff. I was told by a friend to try your Tricopherous, and I did so, and to my astonishment my hair was firmly rooted, and all the dandruff, discarded, as the head now allows for itself. With respect, I am your obt servt,

J. P. TREDWELL, 663 Broadway.

If any lady or gentleman doubts the authenticity of the above, they will please call at Professor A. C. Barry's Office, No. 137 Broadway, New York, where they will confer the favor on us by so doing.

[From the Military and Naval Argus, Nov. 9, 1850.]

There is no remedy for the permanent cure of baldness and diseases of the cutaneous system, that has reached the popularity enjoyed by the article known as Professor Barry's Tricopherous, or Medicated Compound. For extraordinary used by the upper classes of the community; in almost every nursery in the land it is used in preference to other articles as being a safe, speedy, and effectual remedy for cutaneous diseases. Dr Ed. Martin's Vermifuge Syrup.

Without any disagreeable Taste or Smell.

THIS Syrup has received the Gold Medal, *Class X Division, Class XIII order II. Mexico.*—*Investigate, Given with honorable mention, Class X Division, Class XIII order II. Mexico.*—*Investigate, Given with honorable mention*, and the highest encomiums of our first physicians, and has been in use more than five years, and is now a popular remedy for all kinds of worms, with the principal agent in the above named remedy.

Having sought with the greatest care in the bark of the pine tree, which is the principal article which produces such excellent results in vermifuge in safe doses of children, we have succeeded in extracting from the bark of the pine tree, by means of several other home pomes, which are exactly all and genuine to Louisiana, home agents, the principle above mentioned, which is the only of which we have found the choice of a secret.

The Syrup of Canadian cedar flower, can be administered to the most delicate children, possessing the most agreeable flavor. Its use continued during three days, will destroy totally all kinds of worms, which have held their residence for years, and in a manner almost imperceptible to the patient, so much so, that children do not even perceive it.

I forward debilitating the patient by its operation, as is the case with all the Vermifuge Syrups, which were in use before the discovery of that valuable remedy, and which are now only prescribed on the following manner:

Children from 5 to 10 years old, one spoonfuls a day, at an interval of from 1 to 2 hours. Above five year old, three table spoonfuls at the same interval. Adults, according to their strength, after the first and third dose, not within an hour after the third.

The syrup must be administered during three consecutive days, and after having taken the above extracts, the Vermifuge does not produce any of the pernicious effects which have often followed the use of those which were in use.

DR. EDOUARD MARTIN'S
HYGIENIC ELIXIR,
AGAINST SEA-SICKNESS.

FOR a long time past the scientific world, and in particular the Medical Faculty, were acquainted with the remarkable fact, that among the numerous cases of curative agents discovered and applied to the cure of sea-sickness, that the most powerful efficient sea-sickness. Several means have been tried to attain the end. These remedies, whether simple or compound, after a long trial, have always proved signal failures. An idea must be formed thereof by the perusal of the annals of the history of Marine and Medicine in all countries, published within the last ten years.

The inventor of the "Hygienic Elixir," has at length made this invaluable discovery. After numerous trials, charges and alterations in the proportions of the substances composing this Elixir, he is enabled to offer it to travelers in the shape of a palatable draught, not decomposed or altered either by climate or age.

The Elixir checks sea-sickness immediately, and restores the patient to a healthy state. Nothing delicate be the constitution of the person using it, it is equally infallible, and procures a genial feeling of ease and comfort. The appetite returns in the gentle, calm and sleep are restored, the appetite awakened, and the digestion effected promptly under the influence of the Elixir.

The inventor having had an opportunity during a recent sea voyage, to make personally the first trial of the Elixir, has much pleasure in offering it to the public. He could corroborate the above statements by testimonials from several sea captains, but will appeal only to the efficacy in the restoration of the health and disciplined commanders of the French Commercial Navy. Capt. Labory, having had opportunities of testing, under the most favorable supervision, the efficacy of this remedy, (then in the shape of pills) during several voyages, gives thus the result.

Dear Doctor—During my last voyage to France, have had occasion to make use of your pills against your remedy against sea-sickness; I am happy to be enabled to report to you that I have obtained the best results, and that I were compelled to offer this remedy into a palatable draught, such as a lemonade of some kind, (which could be more easily taken than in the pill form, especially on board ship, where sickness has already commenced,) nothing more would be required, and you would be entitled to the everlasting gratitude of a host who are obliged to travel by sea, without being accustomed thereto.

I am yours, truly,
A. LABORY, Com'r Ship l'Oscar.

The improvement suggested by Capt. Labory has been effected. The Tonic and Hygienic Elixir has for its base sea-kelp, is sold in Entrance bottles, with glass stoppers. Care must be taken to keep the bottles corked to prevent evaporation.
