THE COMPROMISE.
WHICH PLATFORM. e. The series of arts of the 31st Congress, monoily known as the COMPROMISE or adstancia, the art for the recovery of fugitives malabor included,) are received and arquisacia by the Whigs of the United States, as a settlement, in principle and substance, of subjects to which they relate, and so far as-acts are concerned, we will maintain them, dinaist on their strict enforcement, ar-all time of experience shall demonstrate the necessity further legislation to guard against the evan of the laws on one hand, and the abuse of the provers on the other—not impairing their resent efficiency to cury out the requirements the constitution, and we deprecate all further intrino of the questions thus settled, as day the constitution, and we deprecate all further interion of the questions thus settless, as dan rous to our peace, and will discountenance all pirts to continue or renew such agitation, selector, wherever, or however made—and

THE BOLTERS-THE PROSPECT. se Thus has it ever been. It is imposs; a satisfy the whole party by any nominal and there is always among the Whise a non of impracticables, who are ready to disaffection the moment their personal reners are disappointed. The mass, how stand from, and the grumblers, after exite their discontent, will find that the only ree left to them, will be to adhere to the or go overto the enemy. Precious few dupt the last alternative

of coorgis. Virginis. Tennessee and Florids without even the vote of Louisiana, though without even the vote of Louisiana, though the constraint of the shifty of the Whiga to cury the State. The estimate of the Whiga to cury the State. The estimate of the Whiga to cury the State. The estimate of the Whiga to cury the State. The estimate of the Whiga to Parket I and Commercial Fernals that it are not constraint. The constraint of the Common could be constraint of the Common could be constraint. The constraint of the Common could be constraint of the Common could be constraint. The constraint of the Common could be constraint of the con scher spans of the Country. The Locus them scher safe the Course; concede Ohio tr Signation and put down Pennsylvania and New York as doubtful, but claim Maryland and half a dozen other Whig States to see if they cannot elect FIRKER any how—on paper.

Let the Whites then, be of good cheer—Mears Tooms, Streams and

"A LONGE OF IN VEHICE" is out again in the Course, laboring sealously to prove that Gen. France was actually present in one or

strack with the recrularity of movement the stract and tariff, at home and abroad it rade and the light and shall grade even Pierce, because the consumption in 1831, it was 404,108—almost pracisely 130 per cent. The shipseests to Great Britain in 1831, were 608-(27) bales. In 1831, the were 1,237-1, 112, also 130 per cent. The consumption in Great Britain in 18, lowere, not quite hept pace with the shipsens thither—advancing from 601,100 bales is 1831, to 1,273,062, in 1831, but to other ports—as in 1831 there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, there were only 31,337 bales re shipped; in 1831, the shipped in 1831, the shipped in 1832, the

COTTON.—In looking over a table of the production and distribution of cotton for the last westry years, the Southern Press has been struck with the regularity of movement the
