AYER'S CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Ayer's Cherry Pectoral is the result of long and careful chemical investigation, directed to the discovery of the best remedy for the cure of Pulmonary Complaints which could be made from the vegetable kingdom. That it has performed wonderful cures, even when other medicines and the skill of the best physicians have failed, is well known to the people of this section. Many of these cures have been made in our own city, and are publicly recognized by the clergymen and leading citizens of the community. Others, not less remarkable, have been effected in remote parts of the country, and are known to the people of the neighborhood. Wherever it has been introduced, this medicine has gained the confidence of the community, and the public have learned to rely upon it as the most effectual remedy for the cure of Coughs, Colds, Bronchitis, Croup, Asthma, and Consumption.

Ayer's Cherry Pectoral is a preparation of the Cherry, with other pectoral remedies, by which its curative properties are greatly increased. It is the best medicine that can be found for the relief of consumptive patients, and for the cure of all diseases of the throat and lungs. Prepared by
