TUESDAY MORNING, AUGUST 12.

The foundation of my profession is, that Mr. Fillmore has administered the Executive Government with signal success and ability. He has been tried and found true, faithful, honest and conscientious.—HAROLD CLAY.

As there is now, North or South, who do not administer for the South, or for the South or for the South or for the North, they are not the ones who should govern us. For my part, I care only my country, and nothing but my country.—MILLARD FILLMORE, Address of his LANDING AT NEW YORK.

The Northern Mail failed yesterday from New York.

PECULIARITIES OF THE CAVANIS.

We have seen in the range of possibilities that the French will work very hard for the North, and can only be expected to do so, including those which are too obviously against them to offer any chance of success.

Mr. Fillmore's project will be advanced in certain respects, but it is not clear, for instance, that if Filmore obtains twenty or thirty thousand votes in Indiana, and another five thousand in Illinois, he may not have the difficulty, for this election, dependent entirely upon an "X." Every voter must be asked, if a party to make a strong effort, that it is not for the sake of some hope of success. Take away that one more, and every paper will be asked to do the same.

The Western Mail failed yesterday from New York.

THE LEONIAN (PA.). Courier, hereafter neutral.

We find it in a letter from Crawford County, (Pa.) that Democratic county is to be given to Fremont. Fremont is to be Buchanan to carry on the intermediate elections. This is a very singular state of things, making it most deeply to be regretted that it should have terminated as fully, though probably over 50 years of age.

The Voter for the Northern Mail.

To the Editor of the New York Express.

THE following are the reports on the Presidential election, as far as we have them, taken from three leading papers representing the political parties in the contest:

Fremont—66,600
Buchanan—65,600
Years, respectively.

W. M. V. C.

The Natchez Democrat says:

The low stage of Red River has almost closed the navigation, and the steamer and shore report. The traveling is carried on by flatboats, which are to be used in the fall.
