More Black Republican Calculations: More Black Republican Calculations!

The National Era, the metropolitan organ of the Black Republicans, brings forth a calculation by which Fremont's election is figured out. Although the figures are made very pitable to accomplish the end desired, the grand fact cannot be disguised that Flasmore's success binges upon the withdrawhl of Flatmore. Unless that condition precedent is performed, the two ends cannot be made to meet. See how the Era chuckies over the recent elections in the South—they are Bachanan victories it is rejoicing over—and how sweetly it insinuates the wish that Mr. Fig. more would retire from the contest!
