ligion.

A shock of an earthquake was felt at Co-max on the 24th Pobracry. PANORAMA OF THE ARTIC EXPENDITIONS.—
This magnificent spectacle will be aribbited for the hast time in our city this evening. If any of our citizens have failed to witness it, they should certainly not permit the present opportunity to pass unembraced. We have frequently referred to this splendid and unque exhibition, but cannot suffer it to depart without once more advertise to its part without once more adverting to its infection of detail, its artistic excellence.

perfection of detail, its artistic excellence, and the exquisite beauty and indelity which pervade overy scene, and inpart a life-like vivaluess to the whole. All the tableaux depicting the several voyages in the Arctic regions pessess marked merit, but these which present a consecutive picture of the Kane expedition, from the departure from New York to the sublines and thrilling views of Arctic accessive, the brief splenders of a polar summer, followed by the dreary horters of a subless which; relieved at intervals by the gorgeous have of mock sums, ardiacal lights, and the Aurora Borcelia, are distinguished by a wondrous trulfulness, vicer of pencil and skill of delineation, such as it were value to attempt to portray. Nothing can be conceived more impressive, nothing can be conceived more impressive, nothing more canable of inspring the litter was ing can be conceived more impressive, noth-ing more capable of inspiring thrilling emo-tions, nothing that recalls more strongly our sense of the heroic daring and invincible fortitude of those courageous and constant spirits who, animated by the noblest philan-throny.
