never contracted a babit, can have no diffi-culty in avending it, we so far agree with the reviewer as to counsel those of our young friends who have never experimented with tobacco to continue to resist the temptation. The nymph is charming to be seen, but dalliance with her may be dangerous. She sometimes whos the hearts of her votaries, and reduces them to a vassalage from which escape is only to be achieved at the cost of many a painful three, and the display of un-linching constancy and endurance.
