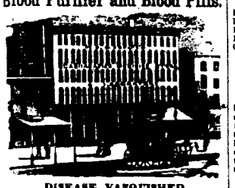
DR. ROBACK'S
Blood Purifier and Blood Pills.



DISEASE VANQUISHED
By Dr. Roback's Scandinavian Remedies.

AFTER YEARS OF STUDY AND EXPERIMENT, Dr. Roback, the eminent Swedish Physician, succeeded in producing a medicine from the mountain forests of Sweden, which he confidently says will cure the causes of disease in the blood, and by restoring the corrupted humors to a healthy state, a condition of health and purity, expels disease from the system, wherever it may be located, or whatever may be its character. Indigestion, nervous complaints, epileptic and other fits, coughs, consumption in its early stages, sore throat, bronchitis, fever and ague, asthma, low spirits, sexual incapacity, feminine weakness, pricking of the skin, symptomatic of paralysis rheumatism, scurvy, a tumor, cancer, diabetes, leucorrhœa and debility, diarrhœa, and all disorders of the organs of respiration, the liver, the kidneys, the stomach, the nerves, or the blood, or fever, are certainly cured by this preparation. It is to the MATERIA MEDICA, or class of diseases, what gunpowder is to an army, it overthrows them with absolute certainty, while, at the same time, it regulates the secretions, removes obstructions from the bowels, creates appetite, restores vigor, and regenerates every animal function. Such a remedy is before, such are the effects of Dr. Roback's famous Scandinavian Blood Purifier, which, if taken in conjunction with his Blood Pills, will not only obliterate the most painful disease, but prevent its recurrence, and lengthen life beyond its ordinary span.

Read the following certificate of a cure of Rheumatism of seven years' standing, of a lady of 72 years, who is above reproach, as proof of Holy Writ, the evidence which follows, and must forever banish all doubts respecting the virtue of Dr. Roback's Scandinavian Blood Purifier and Blood Pills.

CLEMSON'S CO., Ohio, Sept. 27th, 1856.
Dr. C. W. ROBACK—Dear Sir:—I feel it my duty to acknowledge publicly the wonderful cure made in the case of my wife, who has been afflicted with the Rheumatism in one of her knees for the last eight years. We tried all kinds of medicine, but to little or no effect. At last it struck all through her system, so that it would not rest day or night, her pain was so severe at times that she had hard work to breathe; at last became entirely helpless, so that we had to dress and feed her as a child. We had one of our best physicians, who thought it of no use to make a bill when there was no hope. It now was my earnest prayer that God in his wisdom would direct to some means that would restore her to health again. When it reached me, like an act of Providence in answer to my prayer, that a man, passing by, handed me one of your medical almanacs; and, on reading the wonderful cures made by your Scandinavian Blood Purifier and Blood Pills, I thought it must be the medicine that would cure my wife. So I sent by Mr. Thacker, our superintendent, the bearer of this, and got a bottle of Blood Purifier and one box of Pills; and, to our great joy, before she had taken it all, she was able to get up, and is now able to attend to her little family affairs, and says she never felt more thankful to God. She is now 72 years old, and has the bloom of health on her cheek, all the effects of your medicine. May God grant you long life and success. Yours truly, JEREMIAH ROWAN.

Make sure of the genuine articles by purchasing one of respectable dealers and regular agents, or of Roback himself, No. 6 East Fourth street, Cincinnati, where he may be consulted, by letter as well as personally, in all complicated and difficult cases.
Price of the Scandinavian Blood Purifier $1 per bottle, or $5 per half dozen. Pills 25c. per box, or five boxes for $1.

THE BAGASSE FURNACE.

PATENTED Dec. 6th, 1856; same patent renewed and assigned to the Bagasse Furnace Company, March 25, 1856, to E. B. Gibson, of New Orleans. This furnace is now in use on PLANTATION plantations in Louisiana, and combines with perfect ease nearly the six important and distinctive features of—
1. Burning the bagasse in a perfectly dry state.
2. Containing no grate bars or other irons in the interior.
3. Never requiring the bagasse to be stirred or touched after it falls from the carrier into the hopper of the furnace.
4. Drying the bagasse thoroughly in the furnace, where it remains, more than one hour, exposed to the heat, before it reaches the point of combustion.
5. Forming no slag; and the ashes being carried by the draught into the ash chamber, are withdrawn at any time without stopping the sugar-mills.
6. Burning all the bagasse on plantations of any size, and requiring no other attention than to take out the ashes from the ash chamber, and to keep the hopper supplied with bagasse.
The furnace will consume more bagasse than the average consumption of which has been ONLY ONE-HALF A CORD IN TWENTY-FOUR HOURS, when the furnace, flues and chimney were proportioned.
The furnace is erected under the new patent of August 6th, 1856, are fed without rollers by a simple arrangement of balanced doors in the bottom of the hoppers, which open by the weight of the bagasse and require no attention whatever.
This is the only Bagasse Furnace which combines the above named features, either theoretically or practically.
An investigation of the patents, specifications and drawings (to be had of the subscribers) will prove this furnace to be constructed upon entirely scientific principles, entirely distinct from those of any other patented furnace, and an examination of the furnace in operation will convince the most skeptical of the successful application of the principles laid down in the patents, as well as the perfect simplicity of construction and economy, economy and durability. Some of these furnaces have taken off three crops without any repairs, there being nothing but fire-brick exposed to the fire.
The undersigned are now prepared to contract with planters for the erection of furnaces, and for the operation, and point of sugar planters an investigation of their inutited achievements.
E. GIBSON COMPANY,
dec6 E. H. GILMAN. } 70 Gravier street

The Bagasse Mottle Train and Furnace.

THE subscriber is now prepared to close contracts, with full guarantees, to take off crops with GILMAN'S PATENT MOTTLE TRAIN AND PATENT MOTTLE TRADE, with a consumption of Wood not to exceed one-half a cord per hogshead for the entire boiling of the crop, and to make from 9 to 10 pounds of sugar per hundred pounds of Cane and Boiling the Juice into Sugar.
The management of the Bagasse Mottle Train is precisely the same as that required for the old fashioned mill, and the entire expense of the train of machinery, including the necessary boilers, will not exceed the balance of the net profits of the year to invest pending or unadjusted claims against the Company.
They have also resolved to pay an interest of six per cent. on the scrip of 1855, payable to the holders on presentation of their certificates at the Company's office.

MAGNETISM.

MME ALLIARD,
FRENCH SOMNAMBULIST,
No. 331, Bourbon Street, between Orleans and Conti.

TREATMENT of all kinds of chronic diseases which ordinary remedies have failed to cure, and especially of nervous affections of every description.
Mme Alliard, for many years under the direction of Dr. Pouyard, in France, may be consulted at her residence and calls on patients at home for her services are required.
The great application of magnetism by Mr. Alliard, assisted by Miss Alliard, has been followed by astonishing cures; the fact is unquestionable. One of a family is magnetized, and the others, without the aid of a doctor, are almost instantly cured by this extraordinary fluid; sufferers should hasten therefore to call themselves or send for Mr. Alliard's card.
The New Orleans Press have often recorded the remarkable cures performed by Mme Alliard; and the "Louisiana Courier," the "Daily Crescent," the "Delta," "True Delta," "Tribune" and "Sun," published on the 6th of February, 1857, the following letter from the above manufacturer.
Those in the habit of investing in Paris," in the Imperial Court and all the Royal houses in Europe are from the above manufacture.
Those instruments are for sale at J. B. GUERAUD'S store on Royal street, No. 38.
